

A New Sheriff In Town

This was my first attempt to be black in a scambait. I more-or-less wanted to prove to myself and everyone else that these scumbags don't care who they steal from; man, woman, black, white, rich, poor, etc. – it makes no difference to them. I lost the first letter in this scambait, but you know the routine. Good luck reading this – my black slang/ghetto talk is almost as bad as his spelling...

SHERIF

I have no idea what you last email says – please explain it a little better, will yah, my man? I thought my readin and writing was bad – sheeet – I aint seen nothing til I see yours. Who be asking for 2500 dollars? The bank or a lawyer or what? I don't understand why sum docment can cost that much.

Marcus

Dear Mr. Marcus, how are you doing my man? Hope is fine? Am sorry that I did not get back to you at a time is due to the problem of some association in Benin that they are make some trouble , that is why I don't have a time to move, but now it as solve,

Mr. Marcus, consign your last email says I should Explain to you who is asking for 2500dollars, My man the Lawyer who we get us the documentation to your name says that the Document is going to cost 2500dollars, He as told the director before that is going to cost us such amount of money, so I think if we get this Don to your name as a relay beneficiary then they can allow us to move the money out of the Diplomatic firm, to the Bank, before we start getting the money transfer to your account they, so now let me know what you can get so that me too we look for some people to borrow me money with the one you have , after we get the money transfer, you can send me some money to recover the money that I borrow from those people before I came to your country , I think you can understand me , am waiting to hear from you soon next so that we can get this finalize this week according to what the Director of the Diplomatic told me,

Thanks

Sherif

Hey mailik ,

Who be making trouble for you? It aint about all this bidness is it? In your mail, you be talking bout transferring this money to my account. I told you in another email that I aint got no bank account that I goes to the check cashing place when I gets my check. How is we going to get this money over here if I don't gots no bank account? Bout the money that homey wants for the docment. You going have to borrow it from someone over there? I just got paid on Friday and my check almost gone already., that's a lot of money for a brotha to be coming up with like that. I don't gets paid again til next Friday and I still owe the landlord money from last month. So if you can borrow it from you friends that would be great. Let me knows about the bank account deal

Marcus

Hello my man, I have told you last time that I don't have any one to help me, when you says something abut the Africa honey that you need, I meet the lady that keep me for her house last time that you want to marry her She was so surprise that you say this, but I have expelling to her that you are my partner, but she never says anything rung , now this lady as promise that she we help me get some amount of money , but only she can not get all the 2500dollaers , as you know that I don't have anybody who can help me with this, so please try to get me some amount like 1500dollaers so that I can defiantly told the Lady that you have support me with some amount , and if she realize that you came up with 1500dollaers she can now happy, please remember that you told me you are going to help me with this business and I never see your help , Let me know if you are serious with me?

Thanks Sherif

Wassup mallik

What I say about the African honeys was that once we get all this money I be coming over to Africa and for you to hook us up. Who said something about marriage? In America, a black man just get married to get more on his tax return, I don't wants to get married and just want some fly girls to hang with and a little sumtin sumtin if you no what I mean. I don't know what you be expelling but I don't do that with no men unless they pay me real good, ya hear me. What does you do for a living my friend? Do you work and has a job? I has always been serious with you . what kind of question is that?

Marcus

Hello Marcus, i dont undersatnd all what you are saying now , i told you that i need some money to get the Document don on your Name, you are saying aonther thing what is this means to me? can you get the money don to me? so that i can take the money to the Lawyer, let me know how you want to help me about this Fund ?

thanks am waiting your urgent replay

Sherif

Wassup sherik
