

## Absence Of Malice

If I had any feelings whatsoever, I might actually feel bad about this one. You see, I don't actually know that this idiot is an internet scammer. He is Nigerian and contacted me from Dating72.com, but he didn't hide the fact that he was Nigerian. He didn't pretend he was white. He didn't lie to me that I know of. I just go off on him for no reason at all. Well, playing the percentages, I would say he was probably a scammer and now I can actually sleep at night. Just kidding, I sleep just fine!
