

My Blonde-haired Nigerian

This idiot contacted me from Yahoo Personals – of course I knew it was a scam the whole time. In her profile, if it says, “any age” or has a range like 25 to 60, you know it’s a scam. Don’t bother reading her long and tedious email – obviously prewritten, copied, and pasted. The chat log at the end was a classic brush off...

I’m searching for my life long partner to share a Great Life of Love with; romance, long slow kisses, feeling very special, intimacy, spirituality, pleasurable communication, dancing, meeting of the minds, opening a door for you, flowers, traveling and other exciting interests and adventures, A GREAT LIFE of LOVE! I am one who strongly believes in respect and that without respect, you can’t experience true love and generate a healthy relationship. I believe in a smaller “wow” when it is first a friendship and then a larger “Wow” later as it evolves into a Beautiful Loving committed relationship. I believe it’s not just what you are like on the outside, but more about what you are like on the inside. I’m seeking friendship first, (no game playing please) with someone who appreciates some of the same temperaments and interests I enjoy. That special someone is a

man with integrity, is spiritually compatible with me, having similar beliefs - New Age and is responsible, intelligent, has a sense of humour, positive, is clean and neat in habit and appearance, romantic, passionate about living and loving. I would prefer that someone to show interest and be supportive of my spiritual work. He should be well responsible , and has 'been there, done that'. I like an adventurous person who likes travel, nature and enjoys being home. He is a man who is at peace with himself.. I am hoping to connect with people of like minds to form friendship first and then leave the rest to God to see what comes out of the friendship .I'm just a regular lady who is trying to get eternal life and who's waiting for Jesus to return. I'm not a materialistic individual or vain. I respect this world as I know it, realizing that I'm called to be a citizen in the kingdom to come. I'm not a religious individual or anything like that, I'm just trying to gain eterlal life. I don't go to church or anything like that, I just follow Christ.. I understand that ones possessions do not determine the individual. So I don't seek someone because they have niether do I avoid someone because they don't have. I'm just seeking someone who beleives in unity, co-operation, truth, love, dedication, partenership, trust (not in me but in God). Someone who knows love and is able to recognize it when it's present. Someone who is not caught up in beleiveing that they exist only to be entertained, and won't see me as a "source of entertainment". I guess basicly,someone who truly lives for God. Everything else after that is cool. I am simple lady that enjoys living and having fun. It is great to be alive, so many things life offers to experiece and be a part of. I want to find a simple man that can smile about life because he too sees all the great things about life. I want to find somone to build an everlasting friendship with, one we'll both value until our end....

So if you think smiling and living life too...I am very outgoing and spontaneous like to have fun and travel alot. I like to cook but also like fine dining. the rest you will have to ask maybe its you!Do you Mind My age? How Old are you?? Do you Mind the Distance between us?? what do you have to Offer when you meet someone that is serious in a relationship as You?? What is Your Full Name?? what state and City are you Presently Now?? why are you still single, what are your short and Your Long term Goals??? what Kind of a woman are you really Looking for?? How Life has been Treating you without having a woman in your life???, Well I Think i have asked alot Questions, I will Like to stop here for now and i will be looking forward to read back from you... Let me Know what you think about this and do you think We Could start from here.... I Believe God Knows what Right for Us..Hope to read back from you soon.

Linda

I just finished reading your scripted email and once I go take a couple of aspirin, I will respond. To answer your poorly written and rather long and tedious email, I just don't know if we are a good match. After all, you live in Africa and I live in the United States. Also, most of the things you wrote down as your interests, I have no interest in or I completely abhor. I am an atheist, I hate music and dancing, don't care about sex, I am not looking to get married anytime soon, I am not too fond of anything that comes from your continent, I am a devout member of the Aryan Brotherhood, I favor lynching and car-dragging, I don't like watermelon or fried

chicken, I shower daily - not monthly, I am well educated, I don't like to travel (way too many minorities out there), I am really more of a home body where I cap any minority trespassers who happen to set foot on my lawn. Let me know what you think about my shortcomings.

Here is my info;

Hello Greg's

How are You doing?? Thanks for getting back to me and sorry for the late reply, I am looking for the last chapter of my life to begin. ."HAPPILY EVER AFTER! " I am a true champion and believer in true love, and am tired of serial dating with people who think they know what they want.. I have a great passion for living life in the NOW, no regrets, my life has a destiny and I am along for the ride. I am looking for someone to compliment me. Secure and confident, funny and romantic! I see the best in people and I want the best! Sense of humor is a must. I love to laugh. I love theater, movies, singing, and just being real. I hope that when my life is over, that I will have made the world just a little kinder and gentler place.. One of life's lessons: Time is precious. When I hear, "Let's take it slow", I want to scream. The problem with taking it slow at this stag of life, is we'll be dead and buried by the time it will be RIGHT to act on the cosmic time line... I don't want to waste yours or my own time, so be who you say you are. I'm extremely affectionate, romantic and have a good, although quirky sense of humor. I believe in order to get % you have to give %. I'm ready. Are you? I want to meet a man of integrity and character. Of ROMANCE, and a sense of humor. I love to laugh. Surprise me, study me, watch me when I don't know you're looking. The day you're not thrilled that I am yours, and vice versa, is the day it is over. Try to love me for all that I am, not for what you wish I could be.. Envy the old couple who walks by you still holding hands, and please be a good kisser. I am. I love fireplaces, cold Fall sunny days where you wear that great sweater and smell burning leaves. I love holiday shopping .I do Love all Outdoors.What you are looking for in a relationship?I am tired of people candy; seeking a man of substance (I don't want body by Fisher, brains by Mattel); I am looking for a physically and facially striking man, classy with an air of sophistication; affectionate and passionate to a fault; interested in good conversation, the Arts, could care less about spectator sports; If you have the ability to maintain and invest in a loving and ongoing relationship, then I promise you the ride of a lifetime. I am seeking a male, the missing one that I have seeked all of my life. I know you do exist. You will have the following attributes: Nice, caring, kind, honest, good sense of humor, affectionate, loving with much passion with a beautiful smile and eyes that reveal your beautiful soul. You will love to kiss and be affectionate with me. You will be my best friend in life and my best lover... You will brighten my life and feed my soul and brighten my spirit. In return I will give you the same things out of life you seek. Making love all night to you will be my highest priority in life since you will mean so much to me. Like to take you on romantic cruises and weekend getaways so we can show our love to each other in different places. Maybe I am asking too much out of life. Do you exist A quality man who is respectfully,honest,romantic,loyal,compassionate & actually looking for a relationship where communication is vital I'm looking for a nice guy that knows how to treat a lady.. I'm looking for a man who's honest and committed. Someone who looks at a person from the inside. Ive been in many abusive relationships and am looking to get past that and hopefully never go down that road again. I just want to find that certain someone

to fill this empty gap in my life I am looking for someone who can first be a friend. Someone who is honest. Someone who is not full of drama and know that we can agree to disagree and that debating is just another way of learning ones likes and dislikes, not someone that like to control the other and not too big to admit when he is wrong or have made a mistake. Not looking for a perfect man or I will never find one nor I am a perfect woman but, I strive to be the best person I can be by treating others with respect and expect the same in return Am single and simple seeking for a long term relationship with a serious man for a long term [relationship.am](#) serious,truthful,caring,loving,kind,sexy and romantic Looking Forward to hear Back From u. And i will like you to get back to me with your picture and the kids pictures too....Well i don't know about yahoo chat,but you can teach me...stay blessed

Linda

How come you haven't written me back? Did I do something wrong?

Greg

Hello Gregs,

How are you doing?Am very happy to hear back from you...I like what you wrote about yourself..

What you are looking for in a relationship?

I am tired of people candy; seeking a man of substance (I don't want body by Fisher, brains by Mattel); I am looking for a physically and facially striking man, classy with an air of sophistication; affectionate and passionate to a fault; interested in good conversation, the Arts, could care less about spectator sports; I'm not looking to be a mother at this point in time.

I'm not looking for a one night stand but a long term relationship. If you have the ability to maintain and invest in a loving and ongoing relationship, then I promise you the ride of a lifetime. I am seeking a male, the missing one that I have seeked all of my life. I know you do exist. You will have the following attributes: Nice, caring, kind, honest, good sense of humor, affectionate, loving with much passion with a beautiful smile and eyes that reveal your beautiful soul.

I will be looking forward to hear back from you ...

Linda

Hi Linda;

Sounds like you got it going on. You have some great qualities! You are truly a romantic. Well, truly something...You like a lot more things than I really care about. I like watching TV, eating, making prank phone calls, browsing on the internet, playing online fantasy/role-playing games in my underwear, watching the neighbors from between the curtains, sculpting excrement into Star Wars collectible figures, and pocket pool. I have good job as an usher at the movie theatre and once I save up enough money, I plan on moving out of my parents basement. I am not fond of singing, dancing, music, charity, giving, helping others, romance, or cuddly puppies. I think I am a real catch for the right woman, I hope you are her, cuz your melons look huge. I too, believe in the fairy tale, although yours ends happily ever after, mine usually ends up with me in jail wearing a Peter Pan outfit, with eleven counts of indecent exposure and sodomy against me.

Let me know what else you like to do.

I'll miss you,

Greg

Linda;

I am glad to hear from you so soon and I am glad you liked what I wrote. That shows you have taste. When I saw your email in my inbox, my pants got tight and my palms got sweaty. Is this love? I am one who strongly believes in respect and that without respect, you can't experience true love and generate a healthy relationship. I believe in a smaller "wow" when it is first a friendship and then a larger "Wow" later as it evolves into a Beautiful Loving committed relationship. I believe it's not just what you are like on the outside, but more about what you are like on the inside. And inside of you, I am assuming it is pink and stinky. I must say that I am a truly gifted lover - and one of these days I plan on trying it with a partner.

Let me know more about you. I am 40 years old, single, no kids. I would like to meet you sometime, but how is that going to happen with you so far away? Hold, on, gotta go rub one out...OK, i'm back.

I would love to meet her someday, although I really don't get along with adults all that well. They just don't seem to understand me like you do. Some even think I'm weird. Well, deeply disturbed is more like it. Oh well, I'm not here on this earth to impress them, am I? Do you have a passport or visa to come over here? I don't know if my mommy will let you stay here in the basement with me. I'll have to check on that.

Talk to you later,

Greg

I asked my boss to let me work the Matinees so I can earn extra money to possibly get my own place. I talked to my mom and she said she doesn't want some foreign skank living under her roof - that was her words, not mine. I'll let you know how things are progressing. Linda

Hello Linda;

It's nice to hear from you again. What else do you want to know about me? I really don't have too many interesting features, although you may think I am just being modest. I like playing board games - my friends and I are D&D enthusiasts, we also love Pokeman, I used to play Operation alot with the neighbor kids but that turned into this whole big thing - how some people jump to conclusions - anywho, I got out in 18 months so it wasn't that bad. One game I play that I know you would like is called Tickle My Pickle - it's pretty fun. I'm sure you would be good at it. What would your parents think if they knew you were talking with a 40 year old man - would they be mad? That's if they weren't decomposing in the ground as we speak, of course.

Do you currently work? I have a pretty good job - in another 6 years, I'm in line for the Assistant Night Manager position, and that's where the big bucks come rolling in. It's nice because I get all the popcorn I can eat and access to free movies. What more could you ask for?

Tell me what your hopes and dreams are? I would be real interested in hearing that.

Talk to you later,

Greg

Hi greg,

whats going wrong you havnt email so i can know what on....i hope everything is going on fine with you have really miss you...

linda

Hi Linda;

Hope you had a good weekend - mine was ok, didn't spend much time on the computer, played circle jerk with my friends, and basically just enjoyed the nice weather. How is everything with you? What do you do on the

weekends there? A little daisy chain action? Just wondering - hold on, gotta go rub one out...ok, I'm back. Is it a nice place there? I gotta go, my mommy is calling me - must be bath time.

Greg
