

Cole Slawed

This was the first of three scammers who contacted me within 10 minutes of each other – all with the same exact story – army guy, 46 years old, with a child, wife died in a car accident two years ago, etc...In fact, the last of three started telling me about himself, so I asked, “Did your wife die two years back in a car accident?”, in which he replied, “Yes she did how bout u?”. LOL – didn’t even bat an eye as to how I knew, just kept on with his script. The other two, Salviatore (sic) and Michael Bitz, I talked to a few times and they always log in and out of Yahoo Messenger at the exact same time. I’m sure all three of these idiots are either the same person or at least in cahoots...

Wasn't that hilarious – somewhere right before the end, the other two "Army guys" contacted me and this basically started all over again. The really funny part was that Michael Bitz, army guy #2, said, "omo oro ku se?" to me and then immediately explained that it was a language that all army men in Iraq use...lol. He was trying to rescue Philip from utter defeat!
