

Concrete Cowboy

I was dealing with a few loan scams at one time (I seem to get a lot of them) – when I finished stringing one out for a while and “determined” that they were a scam, I gave them the kiss-off and immediately after I receive a loan offer from Thomas Greg from Financial Home Loan. Of course, I'm sure it the same scammer with a new identity, so I want concrete proof he is real – after all, I just got done dealing with a pathetic scammer...

Mr. Thomas Greg

Hello;

I am interested in getting a mortgage refinancing for my home. Before we even get started, I must ask if this is a real a viable company? The last two companies I have spoken with online turned out to be hoaxes and I am not interested in wasting my time. I need your assurance that this is a legitimate and reputable company before we begin.

James

Hello James .

I want you to contact a woman who receive a loan from my lending company how much was the transfer fee and that was the only payment she made before getting the loan. contact her via this mail.

tjmoney65@yahoo.com or @ 951-796-2066. Once you get more information get back to me .

Best Regards.

Mr. Thomas Greg

I don't consider contacting some person I don't know from the internet, whose contact email that you gave me, as concrete proof that you are a real and reputable company.

James

Hello James.

In regards to your email, i do understand your fears because i will feel the same way if i was in your shoes but i want you to understand that you are in the right place and your funds is guaranteed to you like most of my clients have stated in the past when they have received their loan " it will seem like a dream " but i need you to understand certain personal things about me first, i am born again Christian and a GOD fearing man and a devoted member of a Living Church here in Malaysia and more so, i am a happy father with four kids that look up to me as an example and i can never ever let them down thus i can never ever jeopardize the happiness of another person for money hence i need your trust just the same way i have placed my believe in your legitimacy and i want you to note that i am a registered, licensed and government approved money lender and you will definitely call me to thank me after you have received your loan in your bank account and i want you to note as christian.

Once more thing is that am for real and you will fine a attach to this mail.

Best Regards.

Mr. Thomas Greg

I am stilling for concrete proof that you are a real and legitimate company.

This idiot mistook "concrete proof" with proof from a concrete company!

Why are you giving the address of a concrete company in Maine?

James

That is the one we are using in our company.

You are a concrete company??? I thought you were a loan company? I was looking for a loan, not a concrete contractor. I'm sorry for the mistake, I will look elsewhere.

James

This was it, believe it or not. I think I confused this moron too much and he just gave up which is surprising. Of course, I have been contacted by a half a dozen more "loan companies" since then, so he probably just started over with a new name.
