

From Russia With Love

This was one of three Romance Baits I was in at the same time. I was having more fun with the other two because they included Yahoo Chat sessions so I really didn't put my heart into this one. This one is not without its moments though...

Hello Thomas!!! Its Yekaterina writing to you! I decided to send you more info about me. It is my first time I try to correspondence with man in internet world. I do hope you will be enough patient to understand my writing. I want you to know that I have only good intentions and I don't have big secrets. I Carefully trace a situation in the World - both the most bad condition of economy and unemployment at us - in Russia. And I do not see an opportunity to develop self and earn here. Damn crisis! I wish to leave and work in USA or in Europe or ANY nice country. The thing is that I will work abroad for three months or so and I would like to meet a nice man to be my guide or just be good friend to spend time with. I think that it is hard enough to live in foreign town

without friends and also I have never been abroad. I am from so small town here in Russia, I am afraid to be lost. I want to see real life and it is impossible to see without person who knows all sides of the life. It doesn't matter what age is he or what is his eyes color, I just want to know that he is kind and open-hearted inside. I don't want to live in Russia because I have not any chances here, it is hardly possible to explain it by the first time but I want you to know my plans. In Russia many young girls also want to start a new life abroad, so many of them used a special program "Work and travel" for young people who wants to work abroad. I also decided to do so and to use it. This program just helps to register documents and gives suitable work in your area. I already started to register documents and now I need to decide in which city I want to work. I'm 25 years old and I'm not afraid of work (I will work as a dance teacher). You know, I'm a professional dancer, I dance in group on festivals, wedding celebrations etc. But when I will arrive (I will travel alone) I will work as a dance teacher (instructor), I have an international certificate. I think it is the right way for me, I am lost here, and I think that I look pretty enough to find a better place. I never been abroad so I decided to find a friend abroad and make his city to be my destination. I want to repeat the same way, it is my only chance to change my life. I am full of plans and different dreams. My hair is Fair-haired color and I have brown eyes. I think I look very good, but first of all I want to be beautiful inside. I do hope that you will be not disappointed to meet me in the real life if we will meet. Well, I will close this letter and I do hope to get your reply. I will leave my town in a few days or so (I can't tell you everything exactly right now) and I would like to be sure that I have a man who waits for me there. I will work all day and I would like to find a man to spend all free time together to get to know each other better. if you have any interest to meet me I will be more than happy to meet you too. My be it sounds silly but I just don't want to be alone in the evenings, and I want to be sure in advance that somebody waits for me!

I think that my e-mail starts to be too long so I will tell you all details about me and my life that you would like to know in next e-mails! Today I send you more photos. You know, my sister likes to make my photos, because she thinks that I look very good on it! I hope we will like each other and will be able to meet!  
For me the age is not important. The main thing of feeling, an idea and internal the world of the person.

With best regards Yekaterina

P.S.

Please, send me your photos ))) I Like it.

Hello Yeskankorina;

I just received your message and I was thrilled to hear from you. Thank you for such a lovely, unscripted, not pre-written email. It makes my heart pound when someone like you puts that much time into copying and pasting that lovely passage of indigestible perturbation. Every time I see a message from you, I feel the excrement bubbling in my intestines. So you are a dancer? That is a great career and you can make a lot of money at it in the United States. The club down the street from me, the Blue Veined Snake, has had employment opportunities there all the time. You would be perfect in this job. Let me know if you want me to talk to the manager, Lance Goodthrust, about possibly getting you a job there. I have connections, because I am a very important man.

I enclosed some pictures - I hope you like them.

Thomas

\*\*\*\*\*

Hello Thomas!!! Its me!

I was so happy when I saw your e-mail in my mail box.

And it was also great to see your photo! I really like you and I think its very important to know how a person looks like whom you are writing! Now I know that you are interested in me and I hope we will be able to meet soon when I will come to your area. I think I should write you more things about me, I hope it will be interesting for you to know me better! First of all my full name in Sokolovskaja Yekaterina. I'm 25 years old, My birthday is March , 8, 1984. I'm 168 cm tall (5.5.) and 51 kg weight. I know exactly my bust-waist-hips it's OK and my body is proportionate )) I take care of my body, for truth its very easy for me, because I my work - is to dance, so it helps me to keep feet!!! As for my family - I live with my mother and my brother. My mother is 48 years old, I love her very much, she works as a hairdresser in beauty salon.

(I have a sister, it name is Kristina, it is already married and she lives with her husband.) I also have a younger brother, he is 15 years old, his name is Pavel. My father was a great person, he was courageous and brave. He is an ideal man for me. My father died 3 years ago in auto crash... My mum cried for several months but now she is ok, she will never meet another man, because my father was only man in her life and now her aim in life is to grow up her son. For truth it was my mums idea to to go to work to another country. She loves me very much and she thinks that its impossible to earn good money in russia working as a dancer or dance instructor. She read many stories about girls who found their happiness abroad and now she wants me to do the same. As I wrote you I live in Russia, a name of my city is Divnogorsk it is situated in Krasnoyarsky Krai. It will be great if you will also tell me some interesting facts about your city. And pls tell me if you have an International Airport in your city and write me its name and code or just tell me in what city is the nearest airport! I don't remeber if I told you or not but I finished Institute here in Krasnoyarsk, I learned englisch there. I don't use any translators and I can speak on english as good as I write on it. I also attended courses of dance and aerobic instructor, so I have a diploma that will allow me to work abroad. I write you my emails from Internet cafe, I don't have my own computer.

I suppose in few days I will fly to Moscow and start my trip! Today I will tell my mother about you, I'm sure she will be happy that someone is waiting for me over there! There is no any messenger in this Cafe so we can only keep emailing each other. I hope you are not getting bored to read my emails?

My address here is Russia, Divnogorsk, Lenina street 7, flat 2.  
So now you have a representation of who I am....

I just can tell you that I enjoy life and I try to live to the fullest, I like to try new things. I'm not that smart.. I was not that good in mathematics, physics, biology and so on! I don't like to be smart! But I'm very tender, caring, artistic, faithful, decent person. Sometimes I can be not well organized, I think everybody had it's own minuses and pluses. I don't look any special qualities in a man. I just hope he will be faithful to me and ready to create a happy family with me and I will do everything to make him happy. I'm looking for a soulmate!

bye!  
Yekaterina!

\*\*\*\*\*

I am confused by your last email. Where are you going? You say you are leaving on a trip? Are you going on vacation? I was just getting to know you and you are leaving? How could you do this to me? I knew this was too good to be true, nothing ever good happens to me. I just want to go to sleep and never wake up. After everything I was going to do for you, and you turn around and leave me? I was going to talk to the club manager Lance about you and possibly get you a job, I cleaned out the garage for all your stuff, I threw away all my copies of Juggs Magazines, and now you tell me you are leaving Russia. Those mags were collector's items - I got them from my father before he was put away. They are irreplaceable.

I live in Medina, and the closest airport is Cleveland Hopkins International. Medina is a pretty nice, lazy, small town. We have a lot of festivals and gatherings on the weekends so there is always something fun to do. Last weekend we had a sheep dancing party - I know that sounds kind of weird, but it's actually really fun. We dress them up, escort them to the event, and have a sort of Prom with our dates. Oh, the memories. Obviously, the real action comes later in the evening, but enough about that. There is also a lot of things to do if you're a girl too. It's not all guy fun. You like doing dishes, right?

Anywho, let me know why you are leaving me and ripping my heart into pieces. That ought to be a hoot.

Love,

Thomas

\*\*\*\*\*

Hello Thomas! It's good to write you again! I think I'm a lucky girl to meet such good man as you in Internet! I hope I will be lucky enough to meet you in the real life soon!

Yesterday I told my mum about you. She said that now she doesn't worry about me as before because now she knows you are a kind man and can help me if I will need your help. You can show me your city and tell me about the life over there! I think I didn't write you I like cooking. I will cook Russian cuisine for you! Pelmeni, vareniki, blini, borsch, okroshka! You will like it! Besides Russian cuisine I like Italian and Mexican. I love spaghetti and pizza!!!! mmmmmmm ! I can't live without it! I like Mexican food because it's very spicy, although I don't cook Mexican dishes too often. I've been told my cooking is very tasty! I like to cook cakes. My favorite is cheese-cake with raspberry! You know... when I talk about food I'm getting hungry ))) I eat everything and I'm not on any diets but usually I don't eat after 7 pm. This helps me not to be fat! I can cook many tasty things for you when we will meet! You know.. almost all Russian men are like bears! They are so rude, they can't be nice and polite, they don't want to have a family. I think you are not like them. I like to go to the cinema! I really like to watch a good movie with my friends. 50 percents of movies in our cinemas are Russian and about 50 American. Actually my favorite actor is Brad Pitt, Daniel Craig and Mel Gibson, and I like all movies with them. I've watched James Bond(Casino Royale, Quantum of solace) some time ago! And film "What Women Want". Have you seen it? Could you recommend me any movie so I can watch it? What is your favorite movie and actor?

Sooooooooooooooooo..... what else could I say?

I haven't a driver's licence but I like drive a car. I don't like only cinema! I like theatre and opera too, I like ballet. Unfortunately there is only one small theatre in my city and there is nothing interesting. If I want to go to ballet, for example, I should go to nearest big city, there sometimes can come famous Russian actors and dancers but I can't go there often because it's quite expensive. For truth I want you to know small things about my life, because it will show you who I am. I think that when we will arrive we could spend a great time together! I don't know exact date of my arrival Ok, I think I will finish my e-mail for today, because its rather late here and I should go home to cook for my mum and brother! I'm sending more photos! Tell me what do you think about it?

Love and kisses!

I hope I'm the one for you! Yekaterina

\*\*\*\*\*

Hi Tramparina;

I'm glad you are such a good cook. Have you ever tried tube steak? You will love it, I'm sure. I hope you like doing dishes as well. I stay away from everything Mexican, except for when they mow my lawn. In your last email, I thought you meant that you were leaving me, and I almost did something drastic. Don't scare me like that! I like movies too - have you ever seen Forrest Hump? It's kind of a remake of the original...another good one is Buffy the Vampire Layer, with Phoebe Beaufey'. Truly a classic. I talked to the manager about you at the dance club - he said as long as you don't have any scars, tattoos, or stretch marks he would give you a try. Great news, huh? I told you I would come through for you. Kinda feels like you owe me something, don't ya? How bout some provocative photos with a little less on - that way I can give them to the club manager after I get done spooging all over them. What do you say?

Let me know,

Thomas

\*\*\*\*\*

Hi darling Thomas! How are you? Me is ok!!! I`m just reterned from my work. I was dancing on opening a cafe here. It was my last day at work, everybody in my dance group told me so many warm words and wished me luck in my trip! I told them about you and everybody said they will cross one's fingers you are a good man and we will like each other! We had some fun today and it was my last working day... but now I feel myself so sad... I will miss my work and girls from my work... I almost cry now... anyway I don't want to make any steps back and I want to continue my arrangements. I have some good news for you! After sending this email I will go home, take my packed bags and go to Krasnoyarsk! It is a nearest big city and there is an airport. From there I will fly to Moscow! I`m really afraid to fly on a plane! I hope my plane will not fall down! I'm really afraid! It is several hours from Krasnoyarsk to Moscow. When I come to Moscow and settle down I will write you an email. I hope tomorrow I will be able to write you. Please don't worry about me if you don't hear from me tomorrow, that will mean I was not able to find a place to stay and I will write you the nest day. In Moscow I will spend a week or maybe even more, I should make all final arrangements with my documents and after it

I will come to you!

I've never been to Moscow before and I'm so nervous now... I've never went somewhere alone and now I should go alone to such big city! You know... I had such great desire to start my trip already.. and now I feel myself like a newborn kitten who has even didn't open it's eyes... I just want to hug my mommy and don't want to go anywhere...but I know that's my dream to start a new life and I will try to turn in to reality! Soon you will hear some news from me from Moscow!!!!!!!

Love and kisses!

I hope I'm the one for you!

Yekaterina

\*\*\*\*\*

What do you mean "you were dancing on opening of a café" - are you already whoring yourself around? I thought you would wait to do that when you came over here? When you come over here, I hope you won't have every STD known to man. That would be terrible. Hold on, gotta go rub one out...ok, I'm back. Email me when you get to Moscow if you aren't too busy on your back.

Thanks, talk to you then.

Thomas

\*\*\*\*\*  
Hello my sweet Thomas!!! How are you? Today I had a wonderful dream, that we finally meet, I feel myself like the happiest girl in the world!!! In Moscow its rather hot weather for June.  
You know, I feel myself so alone here, Everyone rush somewhere and I don`t know anybody here. Today I was in a travel agency, all my documents are ready. They will check a possible flight to your airport. They will give me all information (date and time of my arrival, terminal tomorrow I think. Next few days I will continue to see moscow, like a tourist. In Moscow there are so many different museums! I will go to The State Tretyakov Gallery (The National Museum of Russian Fine Art).It is not far from the Kremlin, there should be a lot of tourists from all over the world. I read about this gallery before, its collection contains near 130 000 works of painting, sculpture and graphics. It should be really amazing!!! I try to learn as much information about your country and living there as I can. I find some information in internet and read it. Today I was reading about your traditions and holidays. I like to read about your holidays and traditions, it's very interesting. When my country was called Soviet Union (USSR) nobody celebrated it and nobody knew about this holiday. Russia was almost closed country and the people here didn't know much about traditions all over the world. And in 1991 happened "Perestroyka" (I don't know how it sounds in English) and my county became Russian Federation and here appeared the first Russian President Mikhail Gorbachev. Russia became not closed country any more and people began to learn about everything in the world... Sorry if my English is broken, it's hard for me to speak about historic things in English, my English is very simple but I can talk it fluently. It's not easy for me to read historic and philosophy books.

I hope you didn't find my email boring. I wish we could celebrate some holiday together! I bought few pieces of souvenirs for you, all day I was looking for Moscow sightseeings and souvenir shops. I'm sure you will like them! Sorry can't buy many. By the way, I took my family album with me so when we will meet - I will show you all my family! Ok, I send you a thousand kisses and will wait for your message!!!!

Yours Yekaterina

\*\*\*\*\*  
Did you find out all of your flight details yet? I am anxiously waiting to get my knob polished. You are not adverse to genital warts are you? How is Moscow? Remember, my airport is Cleveland Hopkins when you get your ticket. Talk to you later.

Thomas

\*\*\*\*\*  
My darling Thomas!!! I'm so excited to write you again!!!!!!!!!!  
I'm in Moscow! You can't imagine how happy I am because I already started my trip to you! I still cannot believe I've done it! WoW! As I wrote you I was scared to fly on the plane but everything was OK and I'm still alive ))) Moscow is a really big city! I've been told the population of Moscow is about 10 million of people! From the Airport I went by bus... it was so long way... about 1 hour and 30 minutes. I've seen so many nice places in Moscow while going by bus! When I got off the plane in the Moscow Airport policeman asked me about passport and he looked at me like I am an enemy ))) I think all people here are a little crazy because of terrorism. Everything here is very expensive, not like in my city... and everywhere are big crowds of people! Everywhere is so many people! I feel uncomfortable because of it but I hope I will be OK soon. I found a place to stay, I rent a room from an old woman. She is about 70 years old. She said her husband died 2 years ago and she doesn`t have money to live, so she give in rent rooms in her apartment. She is very nice woman. She said I have to be very careful. You know... she said many girls from small cities come to big cities, they are looking for a better future and fortune but because they are from small cities they can`t imagine that their

way to find the happiness can be not so easy as they thought... and some of them can end up as prostitutes or something like that. She said I should be careful when I will meet you!! But I don't worry about you! I feel with all my heart you are really nice man! Sorry I wrote you about my worries.. I have nobody to write about it. My mother is worried enough about me and I don't want to make her to worry more. I think that's really good I've met you! I can write you about everything.

By, the way, one thing else about my trip. Agency will help me to rent a room to stay near my future work in your area. I will share this room with a few girls yet, it is usual procedure and it helps to pay the rent (it will be cheaper).And I have a question,is it normal if we will like each other may be it is possible to live together?of course if you or somebody doesn't mind. Do you have a big wide bed?(joke). Anyway, it is ok for me to rent a room, don't worry!!! As you know I will stay there for three months but If I will like there I will be able to prolong my trip. I will arrive by Work visa, so I won't have any problems with law while I will be working. I think I will be able to improve my english and you can learn Russian and I think it will help us to learn each other better,who knows. I miss my family... but I'm getting better with every hour )) Now I'm very hungry and I will go and eat something. I'm sending for you some photos of moscow that I found in internet. I hope everything will be fine. please write me as soon as possible!See you soon!

Great kiss from moscow!!

Yekaterina

\*\*\*\*\*

You sent me all of those nice pictures, but you are not in any of them!!! Send me some pictures of sights in Russia with you in them please...Hopefully some with your sweater puppies running loose!

Thomas

(She sent me an email with about a dozen professional photographs from Russia sights...)

\*\*\*\*\*

Okay Yeskankarina, let me know when you get it all figured out. Sounds like you may have to dance on some tables and whore yourself around a little more to raise the money. Talk to you later.

Thomas

\*\*\*\*\*

Good day my Thomas!

I do not know precisely when I shall arrive. I do not have not enough on it money. Is Only two variants: to come back home and still long to save money or To accept the help from you and to repay as soon as I shall earn. Mine The behaviour depends on your decision. It is difficult to me to think, that all mine Efforts to what do not conduct. I hope for your kindness and the success. You Is everything, that at me is. Without you I cannot change destiny. I Very much I wish to meet you, you to me are nice.

Your Yekaterina

\*\*\*\*\*

Skankarina;

Let me know when you are coming because the dishes are really piling up. I had to buy paper plates at the store today, so you better hurry and get here. I hate spending money on things like this so you would be wise to get over here and start doing your chores. How is it going to look when you finally get here and I take you around to introduce you to all my friends with two black eyes?

Thomas

\*\*\*\*\*

My honey Thomas!

You long for me - in a playful leprosy, In renunciation and passions of the born day, I long for you - without the reasons and the decree, In compliments hospitable and gleams of a harm. You long for me - among successful creations, Fleetingly concerning vulnerable soul, I long for you, having scooped inspiration freely soaring, as a bird, dreams. You long for me, only love another Distance between us grows on hours,

I long for you, with composure drawing The World which already I shall give nobody.

Yekaterina

\*\*\*\*\*

I have no idea what this email means? Are you drunk?

Thomas

\*\*\*\*\*

Hi,Thomas.

No,  
This condition of my soul

Yekaterina

\*\*\*\*\*

Yeah, whatever. I am getting a bit perturbed about this whole situation. The dishes need done, the lawn needs mowed, and the windows need washed – what is the hold up??? I believe in firm discipline when training your mate, and I can tell you now that you won't be able to sit down for a week. Lance was bitching at me cuz you were supposed to be here dancing for him – he says he invested a lot of money into promoting you and now he wants me to pay him back. You'll pay for that. You don't want to make me mad or you might end up like my last six girlfriends – buried in the yard. Anywho, let me know what arrangements you've made because I'm getting sick of pleasuring myself.

Thomas

\*\*\*\*\*

My honey!

I congratulate YOU! Today - on July, 4th " independence Day of the USA! "

Any occasion is good to recollect about each other and to wish good luck each other. So let such occasion becomes " independence Day of the USA "! Moreover! Let this "independence Day of the USA " becomes first rather happy day in continuous a turn of happy days! And let this of a turn will be really continuous, without holes and breaks. I wish good luck! To you and, all and everyone, all together and to everyone! Happiness huge, continuous, round-the-clock, all-weather and all-the-year-round!

Ur!

Long live " Day of independence of the USA "!

Yours Yekaterina

P.S.

As it is a pity that on this grandiose holiday we not together

\*\*\*\*\*

And whose fault is that? I was so mad that instead of celebrating the fourth with my ho on her knees in front of me, I had to sit around and drink beer with my buddies. How dare you? Of course, my one buddies did pass his wife around to all of us so I did get my rocks off, but that is not the point. I don't understand what is happening here? You were supposed to be here weeks ago! The house looks like shit, I have no clean clothes or dishes, the lawn looks like a jungle...I hope you have a high threshold for pain. If I teach you right from the beginning, you never learn...

We did have some fun on the fourth – my neighbor has this really annoying cat and we caught it and shoved a M-80 up it's rectum and lit it! It was hilarious – there was cat ass flying everywhere! Truly a special moment...

Thomas

\*\*\*\*\*

She stopped emailing me and I tried to contact her about a week later and her email was shut down...
