

## Godsent Loans

This is where the scambait ended...at least by email. This was using an email address I expressly created to bait Anita Loans for the 5<sup>th</sup> time, and I continue to get loan scams from it. This enforces my theory that I am either on a list or the same scammer keeps trying to give me a loan!

This morning I see this idiot online, so I start chatting with him online. I want to piss him off that he missed an opportunity to scam, so I act like he never responded back to me and I went with another company.

What I know about 419 Scammers...

- 1) Their spelling and command of the English language is terrible, like yours.
- 2) They always want you to use Western Union or Moneygram - no respectable bank or business uses this except for you.
- 3) They are always stupid, smelly, savages from that cesspool of a continent Africa, like you are.
- 4) They pose as lawyers, bankers, and even Directors with the United Nations, like you.
- 5) They quote God and religion a lot; even know they are going to Hell, like you are.
- 6) They claim to be getting back at the "white man" for injustices done to them, but the truth is that they will steal from anyone of any race, religion, creed, and color, like you would.
- 7) They often have sex with goats, monkeys, and their own parents, like you do.
- 8) They are the lowest form of life on the planet and have the intelligence of a 5-year old retarded child, like you do.
- 9) They strongly resemble gorillas but they smell even worse, like you do.
- 10) They are rooted in evil - everything bad in this world comes from Africa - AIDS, crime, war, disease, poverty, hunger, savages - all from Africa. True, we in the USA have our share of these problems too, but they all come from the savages that our forefathers unfortunately brought to this great nation.
