

## Heard It On the Grapevine

I swear – Debbie must be on a contact list for stupid africans posing as white American soldiers. I don't know if this is the same idiot over and over and over again, but you would think that word got around that unless you can tell Debbie where you got her contact from, then it is a lost cause... This one also makes the mistake of saying he is from Great Britain, but his profile pic is an American Soldier.

Nothing too exciting but remember, this is one part of a group of scammers that keeps trying to win Debbie's Heart (and her wallet).
