

## Hi Ho Sliver!

In this scambait, rich orphan Sliverline Martin wants me to take possession of her millions because she can't access them (refugee camp...). We join this scambait in progress because there are hundreds of emails from her and the lawyer. Sliverline has a habit of emailing at least three times a day – weekdays only. And yes, I did question the spelling of her name – SLIVERLINE – I asked her if it was supposed to be SILVERLINE, and she insisted she was spelling it correctly.

There will be no more discussion with that idiot lawyer – I already called him a criminal and told him not to talk to me anymore. I will not speak with that piece of crap again – trying to take advantage of us in this situation – he should be in jail.

Dear Thomas Payne,

How are you today and your family? Regarding your mail to me which you said that if i am asking you to send the money to me over again, I dont really understand what we went through before please can you remind me? Please i am waiting to read from you. Dont you want to help me? Do you want me to suffer here?

Best Regard.

Miss Sliverline Marvin.

Silverline;

Well, I don't really know what you mean – whoever said I didn't want to help you?

I am not your personal bank account or ATM Machine to give out my money on demand whenever a corrupt official wants it.

You are about the most selfish and ungrateful person I have ever met. Good luck finding the rest of the money, I wish you well.

Thomas

Dear Thomas Payne,

Don't be offended what I mean is that I want us to do everything possible to get this money transfered out from this bank because my staying here is not good for me, I want to come over there to countinue my education which is very important to me and also save my life.

Meanwhile, Like as i told you before that this people are playing with us the dont want to transfer this money making things hard for us so that we will leave the money with them like as Mr Paul Peters told me before to leave the money with them not to transfer it to you so that he will be taking care of me and my study which I resist because my father worned me before his death that i shall try to find someone in advance country that will help me to transfer this money for my better that if he knows that it will be lie that for him he could make way for me to travel out from my country .

I will like you to help me to figure this problem out, you know your country is an advance country to compare my country so things is very hard here because of the people at top useing the power to supress others. what will need to do now is that if you dont have the money with you to send me to complete with the one I have to end this problem, I call it problem because is eating me up I over think becaues of this matter so anything you want to do for me to get this money transfered go ahead and do it don't look at anybody or what this peolpe is doing to delay us or if is to work with the lawyer I meet that told me to pay \$8,000.00 for the documents, You can send the remaining money to complete with the \$3100 that i have with me to get this documents and have this money transfered.

Please my two legs is in ground pleading to you to help me out from this problem my condition here is so critical i dont know how to tell you this I am leaving alone in a guest house paying for it and feeding all this things is money going and also the fear of my uncle who is treating to kill me because of this money, please i want you to reason with me.

I am waiting to read from you.

Best Regard.

Miss Sliverline Marvin.

Silverline;

I have the money, that's not the problem. As I told you numerous times before, I will not use my money to pay for your corrupt bank and government officials. Remember me telling you this?

Thomas

\*\*\*\*\*

Dear Thomas Payne,

Regarding to your mail to me that the money is not the problem now what is the problem? Like as you said that you will not pay money for the bank and governments of this country, remember that is not them you are trying to help is me who need the help from you and two of us need the help of the governments if we did not do what the ask us to do they can not transfer this money.

Which you know that every country has a consitution that giude's them so now the can not see us and change the system since we have known that is not that they bank dont want to transfer this money but is because we have not provide to them the demand, that is why the money has not been transfered to your account. And you also know that even not the bank and the government lossing is particuly me because if you know when this money has been with the bank they are using the money without any intrest rate of it, so i dont see reason of still leaving the money with them and they keep useing it why i am here suffering not schooling, not feeding well as I use to feed before upon that I have money reason this if is you that in this condition and ask me for help and which I know that I have what you ask for and didn't give to you how will you feel it?.

I am waiting to read from you.

Best Regard.

Miss Sliverline Marvin.

I hope you are ok – what exactly is the problem that you had to go to the hospital for? It isn't syphilis is it? I heard that was going around a bit. Anyways, just wanted to give you a heads up on what's been going on.

Silverline;

How many times do I have to tell you that I am not sending money to your corrupt government/bank? Are you stupid? You do know how to read, right? I will put in plainly for you – I will not spend one penny on this. I will not send you any money whatsoever. If you die, it is not my fault. If you are suffering, it is not my fault. I told you a while ago to find another person to help you because I was not sending you any money, and you kept insisting on emailing me. Try getting off your lazy, whining ass and go make some money for a change instead

nagging and complaining every day. You're in a refugee camp, right? I know how you can make some money – get down on your knees and let some of those smelly, disgusting refugees gag you with their manhood. That has to be worth \$1.50 per job; \$2.00 if you let them spooge in your eye. At the least, it will shut you up for a little while. To raise the \$4,000.00 you need, you would only have to go down on approximately 8,000 filthy, rotten refugees, like yourself. I think you could accomplish this in a day or two, plus, you probably wouldn't be that hungry! See, kill two birds with one stone...

You never know, it might be a new career for you.

Let me know how that works out for you,

Love,  
Thomas
