

"Ketrina" (Ekaterina Muhkachjova) ket_trina@yahoo.com

This scammer emailed me and so I decided to waste their time and see how far I could push things. I didn't want to do much except keep them on the boil. Over time they also called my mobile at least twice and left messages (a female claiming to be 'Ketrina').

I have seen on the web some guys sending funds to such scammers and then publishing such accounts. I have not sent any money to this or any other girl. There is a very reason why that would never happen -I am an old guy -and so it seems to me rather unrealistic that a beautiful woman half my age would be rushing to come to where I live to be my wife. Notice how 'she' doesn't really have any interest in any picture of me or other details such as my employment etc. 'She' also hints at her willingness to be explicit about intimate aspects -I guess as a tool to reel in the payment.

I may seem to have a little negative view of people in the world but I'd much prefer to have my view than face the alternative -that despite the facts I can actually influence the most gorgeous women in the world to flock to my door. If that were true I would have worn myself out, a long time ago.

Below is the series of emails exchanged. Sometimes I thought I had lost the guys confidence of getting any cash out of me but his greed kept getting the better of him. I am very happy that he went to the bank so many times and found that a bad experience.

The long initial letters are stock texts they use -you can google other similar letters from scammers. The scammers also have problems with real English emails that are not very specific etc so there are cases where I had to repeat myself a lot. Quite often I seem to have lost his interest and had to send more emails explaining my problems in paying him.

His greed was the key factor and giving him the impression that payment is just around the corner seems to have worked a lot -if he sends just one more email he can collect the cash. I wonder who the pictures are of. There certainly was a female involved in this -she sounded as if she had a very bad cold when she called and left a message -either that or she was a drug addict.

Hi again Chris.

I have forgotten to inform you. About that where I have met you. I have come in Internet-cafe to find for myself the good person. For me it is mine the first acquaintance on the Internet. Therefore I have addressed to the operator in Internet-cafe he has created to me email and has shown me a site (flirtbox.co.uk) where I could get acquainted. Support service (flirtbox.co.uk), send me a message, as you can be my mutual partner. Therefore I have decided to write to you this letter. My NICKNAME: Ketrina 27. I am 5 feet 6 inches tall or 168 centimeters. My measurements 98-58-89 centimeters. My weight is 121 pounds or 55 Kg. That is a good height for you, is not it? Do you like tall or small girls? What About smoking...I do not smoke....., drugs even never saw. And I think, that smoking is injurious to health, but I am not going to force to stop smoke anybody, the person should do it himself.. Therefore I am not against smoking people. From alcohol my favourite being white sparkling wine. Semisweet..My favourite color is pink. I think, that everyone has a favourite color..... Hi, it's a good job I am such a dumb person otherwise I'd be thinking you are a scammer but as you more probably are genuine and wouldn't want to insult me by taking me for a ride I am sure it is safe to email you and it will lead to something good. Gotta run and work... Chris.

08/08/2011

I already wrote you, but thought I just have to say hi again Chris. I have only good intentions and I have not any secrets. Chris, I would like to speak, where I live -to regret it is far from you. Otherwise it was not necessary for us much e-mail, to learn each other. I live in an average part of Russia, in city Lipetsk. For the best understanding and orientation. I would like to inform distance from Lipetsk to Moscow(675km) and to St.-Petersburg.(1360km). My address here: Lipetskaya area, city Lipetsk, street Vavilova 44-75. zip: 398002.

Where that in middle of July. I have addressed in agency. In search of work in your country. Recently my agent has informed me: agency has found for me suitable work. To me is already have informed there are free vacancies of the dentist.

I will work in your country six months. So I decided to begin my search for husband in another country. And I found you. Perhaps it is destiny. :-) If you have any interest to meet me I will be more than happy to meet you too. I have some more questions for you. What do you think about your prospects in work? What purpose do you have?

Today I need to prepare some documents and to give these documents to agency. Agency undertakes to help me with reception of visa, air tickets and all documents for travel. In some days I will receive the visa in your country.

In the beginning it was planned, that I will come to the father's friend. I should stop and live at him. But the father's friend very respectable person. He the scientist -biologist. But for any reasons, connected with its work, the father's friend and his wife have left the country for some months. If to tell fairly, I even am a little glad to it. I will not have steadfast the control of married couple :) And I would not like to live in the house of the daddy's friend. I wish to rent habitation independently. and to live far away from them. For example in your city. ;) Before I will start to work. I want to arrive to your city. I want to see you. Then I will try to find work near to your city. Also what AIRPORT the closest to you?

I am full of plans and different dreams and I want to share my life with good man because I'm also full of love and tenderness, I know that I am not so beautiful like Hollywood princess but I do hope to meet my prince and I am sure he will not be disappointed to meet me in the real life! I not worry about it and I have

necessary feelings to get acquainted and it is possible to have relations with the person of other state. It is very interesting-other culture, thinking, traditions. For me this new probably and you Chris can learn, that such the Russian woman. I'll be waiting for your letter impatiently. Kind regards from Russia.

Yours Ketrina.

08/08/2011

[please send more pictures. Fly to any London airport \(Heathrow, Gatwick etc\) and I'll meet you. Chris.](#)

08/08/2011

Hi Chris. I'm sorry for a rather long delay with reply. How was your evenings and your weekend? I want to say that You are extraordinary person i am very pleased to get your letter.

Thank you for yours some answers to my questions it helps me to learn more about you and to understand you. It's always pleasant when someone take interest in you and especially when it is through such an unusual way as the Internet is. But I hope to use this chance and to know more a person writing to me. I really like your letter and want to continue our conversation with you. In this

letter. I have decided to send you a photo. I hope that you will like it. :) You know i am not looking for some adventures, I am very serious of seeking one to live my further life with. For some people this way of matching is very strange and not worth any commitments.

I for the first time have acquaintance through the Internet. I don't know... but nevertheless I believe that it is possible to make the acquaintance with someone using Internet. And what about you? Do you believe that it is possible to find your second half on the internet? I have some more questions for you. You have dreams? Are you a happy person? What is happiness for you? My idea of happiness is sharing my life with my beloved, to walk down the path of life arm and arm with him, to enjoy many things that life has to offer with him. To bring a smile to his face, to make him laugh and to see him happy everyday for the rest of your life. To walk along the beach with him and later on watch the sunset over the ocean.

To have a nice dinner, to dance, or to do to the movies together. How do you imagine your perfect date? My perfect date is just going out with my beloved, it really doesn't matter what we do, just as long as we are having fun. What ever the mood strikes in doing, from a simple quite romantic dinner or going to an amusement park. I think the key ingredient to a perfect date is just being with the one you love. How do you imagine your ideal woman? My ideal man is one that is not afraid to speak his mind, to share his inner most thoughts, wanting to be with me and just me and no one else. For him to enjoy my passions in life and as well, I would enjoy his desires. I believe a relationship only works if there is a give and take, to share responsibilities in everything. Do you agree with me?

Excuse Chris, that i ask you to discuss such frank thing with me whom you know couple of days. But it is interesting to me to know it about you and please send more photos. Have a happy day! I'll be waiting for your reply! Best regards!

Yours Ketrina.

09/08/2011

Ketrina, Bad riots in London but don't worry -let me know when you are arriving... I'll book an hotel I think what do you think ? I am very busy right now. How are things for you ? Gotta run... Chris.

09/08/2011

Good afternoon my dear Chris.

I am sorry for the delay in replying. I am always thrilled to receive your e-mail. ;-) I really enjoyed your answer. every day we shall learn more about each other and it's an interesting. I share your thoughts and i hope that i have the qualities you are searching for in a woman. I believe that love, marriage and family are very important. I have a few pictures to send you I hope you like them.

I yearn for the day that I meet someone that has the same desire to build a happy life together. I want a love that is all consuming. Where the mere thought of your mate puts a smile on your face. That each moment away from each other is a bitter-sweet pain that also gives you comfort that you know whatever happened during the day will want to be experienced by the other. Children deserve a happy home one that is built upon love and respect of the parents for each other, and one that is built upon experiencing all of lifes wonders through and with the children. I know that it is possible to have such a life with the right person. That person must want the same thing. You appear to be a sincere man who can devote the time and energy in making such a life a reality. I think that all the happiness and contentment I need in life is to make sure that a special someone in my life is happy. But I have yet to meet this person. Could it be you? Yes, I believe it could be. I am a true romantic, and as long as I am treated with dignity and respect, remain so. I have a pain in my heart from past relationship. I do not want to ever experience that again either. That is why it is most important to have a relationship built on respect and friendship. I feel ours is growing more everyday. I feel closer to you with each letter we write. I know that we are from different countries and have different style of life but I think nothing must be allowed to interfere with our plans for the happy future together! But I would like to learn your opinion as for about it. Why are you seeking for your beloved woman abroad? Haw much time do you search of pair? What do you not like in a partner? What do you want most from a partner? I have informed the agent that I will fly at first to you. Only after that I will move for work. Certainly all expenses on my route. I should pay itself. My agent will help to make a route only. If all is good. Then i will arrive to you approximately in 13-15 days. Where that in end of august. Today my agent has confirmed my work! I will work for you as the dentist! As soon as I will arrive. My company where I will work: Is obliged to me to give advance payment. At the rate from 300-to 700 euro. That i could rent apartment. Probably you know how many rent a room in your city? After that I will start to work. Then I can inform you the address and the name of my company where I will work! Therefore I think with my work and residing of problems will not be.

You will be first my client! You have prepared your teeth. I will check you. :))) (Only not to be afraid ;:-))) with it also finishes I this letter and will write an other letter to you later. Ok....Today tuesday. It is my day for occupations in fitness club. Therefore I will write to you later.

Waiting for your reply. Take care.

Yours Ketrina.

Usually i do not tell about the deep ideas and opinions, but i has written to you, because i has felt desire to open it to you.I more independent woman, but probably sometimes am necessary that there was one man, which i can to open and trust -sometimes it happens hardly to reflect all these things. Now I should say that I am so glad that I has found you. Because you understand me and I understand you. :-)

I could give you my mobile number, but my phone has been stolen. :(therefore at present i have no phone. I will soon buy new phone. At that time while i will be in your country. Moreover...Today i with friends plan to have some entertainment. It will be possible some club or a disco, or some concert. It is a pity, that you is far now. I think, we could spend perfectly together evening. I hope, we'll do it in the future and we'll can well have fun. I am sure, that it will be good time for us Chris! We shall drink easy wine, then to dance, while our legs can maintain it. And after that we probably shall reach somewhere else....., and where we'll make some things. Ideas about it me beforehand raise. :-) My imagination very much advanced and i can represent many details of ours appointment. I think it is time to me to finish this letter, otherwise i shall write a lot of superfluous and i shall have then confusion before you. In this letter.. Well i finish my letter now. 15/08/2011

Hello my dear Chris. How was your weekend?

Today i have remarkable mood. I hope, that your mood too the good ;) , i had quite good evening with my friends. We went to club and there there some hours.First we had the good supper and a little of champagne, then played billiards and a little danced. Under very good music. I liked music. I send you her! You can hear! This music only for you! :) <http://prostopleer.com/tracks/4573828blp4> (Sings: Movetown «Girl You Know It's True») I hope that you will like it. :) Impressions have remained good, only when i saw, as some my girlfriends danced and kissed their men -i had small envy to them. I thought of you and represented that you near me. That you too embrace me and whisper to me on an ear gentle words. And you Chris, when see around the in love pairs people, -do you recollect me? How often you with the friends reach in any bar or club? When you are in these places do the girls often try to get acquainted with you? To me very much frequently men approach and try to begin acquaintance, but i at once give to them to understand, that with me these things to fail. Chris i think often about your letters and i understand, that you is serious to me. And I want to tell to you Chris, that I am glad, i have such fine man -as you!

If to tell fairly i am a little excited. And yesterday i have hardly fallen asleep. I reflected on our first meeting. I feel, that in me something has exchanged..... Now all my thoughts only about you. You and your letters have brought in my daily life many new emotions and feelings. I would like to speak you: At the moment I am alone, without a men, but I am working on it, i want to change it soon, I do not wish to be alone. I would like to ask you a very personal question, I hope you won' be angry with me. :) Do you have any woman now? Write to me more in detail about the feelings and desires, to me to like to read, when you tell about yourself, I am ready to listen about it.

In this letter i again send to you some the photos. I hope that you will like it. I ask to forgive me. But I should depart. A bit later. I again will write to you. I ask you do not lose me. My embraces.

Yours Ketrina ;)

15/08/2011

Hi again Chris, I have returned earlier than expected :)

I all time thought of you and your letters. Even in Moscow. I wished to find possibility to read your letters. But i could not find internetcafe :(Now i need to wait only. To wait when the daddy's friend will transfer money to my daddy. Chris i think it is necessary to wait about a week :(The daddy has told, that its friend has only the satellite internet for communication with an external world. And for communication in jungle they use portable radio sets. I do not know, it is necessary to be what person what to go to jungle. My dear you could travel on jungle? I never would agree on such travel!! There many any snakes, bugs, wild animals - HORROR!!!! :-í :)

My dear Chris. Now i do not know exact date when i will travel. But as soon as i will book air tickets in agency. I will inform at once you of date of my flight. I ask you to inform your information again. Concerning your the nearest airport, your full address and your phone. That i could contact you when i will arrive to you. 16/08/2011

Hello my dear Chris.

I am very glad to receive your letter my darling. How are you ? How was your day ? I hope that you are good and your day is good. :) I am a very honest person. Therefore I will be sincere with you. You really sound wonderful and nice. I`m keen about knowing you better because you sound cute with your tender words.....

Actually, each letter from you is like a tender kiss you send to the deep of my heart and I feel so fine, so melted, so pleased..... You know, I guess I`m a lucky girl owing to the chance to love you! So, please feel free to love me..... go ahead! :-)))

Today in the morning, when I woke up, I was thinking about how happy should be the persons whom have the opportunity to wake up with their beloved and may kiss him! I even envy them..... Imagine how wonderful it would be to open your eyes and to see your dearest person next to you! To have an opportunity to touch and to kiss your beloved when you want it. Nevertheless, I think, that those people, whom have this opportunity, they soon forget about it! And, for example, you and I, we know that this chance is very important for us and we do everything to grasp it very strongly. Hence, my dear, I`d like to tell you that I`m very glad with our dialogue and the acquaintance. Maybe it may lead us to the most beautiful of the feelings in life! Through your so kind words in the letter, I understood that you think about me very much. Nice! You know, with me is exactly the same. Everywhere I go or everything I do, you`re always in my mind! Even we are so far away apart each other, but anyway we already remain next to the heart each other! :-))) My lovely Chris, now we have a very good opportunity to finish the loneliness and to reach the happiness together! It`s our mutual dream and desire. Don`t you think so ?!! :-)

I still have questions. What do you appreciate in relationship? What do you not like in relationship? I in relations appreciate honesty, understanding and absolute trust each other! I do not accept lie! Therefore I am a very honest and sincere person.

And again thanks for your information! I have checked up all some times. Now i have your exact information. For my travel to you. I hope that this letter could be pleasant for you. With you in my mind and your love in my expectation, I finish this letter.....

I will wait for your answer with the big impatience.

My hugs and kisses!

Yours Ketrina.

Hi again dear Chris!

I have decided to write to you again. How is your mood? I feel great! :) And I think you can be my man with whom I can share all my life and be happy! Don`t you agree with me?

I think even if we have a lot of different views on life, it`s normal and very interesting. Because I think Love is the most important thing in this world and I will do everything for love! I think even if you have an expensive car, a modern house or may be two, a big white yacht it will never bring you a happiness if you haven`t a beloved person with whom you can share all this! Do you agree with me? Of course I wish to have a nice house, car and much money for my own needs... It would be great. But I think my happiness is more important and I don`t want to be safer for all my life with man who can give me money but can`t give me love! I don`t need money, I don`t need great house or material things, all I wish is love, happiness and passion with my beloved man who will always support me and understand.

You know, I`m looking for a man who will love me the way I am... Who will understand me from half a word and sometimes from half a thought. I`m ready to give the whole me to my man. He has to be strong and sensitive at the same time. He has to accept all my weaknesses because I`m a woman and I`m the most tender creation which needs him. I do think that you are the same! I hope you are not against of me being so opened with you. Please write me soon and don't forget me, I am waiting for your letter and each your letter is very special to me. I will wait for your answer with the big impatience.

Yours Ketrina.

Hello my dearest Chris!

How are you today? I hope, that your Friday will be more successful than my day :(I apologise for passive mood in my words. But my day had today no success. I do hope that you are well.

Today we at last have received email from the daddy's friend!! :) But i not so liked this message :(I personally did not read the message of the daddy's friend. I talked to my father. He has told, that we have some problems with my travel. Also my father asked about you. He asked me i can or not can trust you? I have told that you the fair and decent person. Also that i trust you!!! I also have told, that i am very happy. Because i have got acquainted with you. Also that i very much value our relations. The daddy has told, that his friend has some unforeseen problems. and if you agree to help is it will be simply wonderful. And i will not have to change my plans concerning my travel. it can detain only my flight in your country for a some days. I do want to continue our relations!

I`m sure now, that I want to be with you! I even don`t know how to express my feelings but its came from my heart. I feel that we will have a happy future together! I`m ready to give all myself to my beloved man and I hope it will be you! I believe in it because you opened in me some new feelings and I do like its. You are so kind and respectful man! I do want to be with you. Of course I don`t want to write letters for all my life! Because I interested in real meeting with you! And I want to have the man like you in my life. Who always will understand me and support in any situation. I don`t look for money! I only want to love and be loved! But sometimes I think this world is so injustice to me. And today too, I even don`t know what to do the next. Because I can lose you and lose the possibility to see you...

I`m so sad...And I can`t keep tears from my eyes... My heart aches when I think that it can be the end of our relations. I only ask you if you are really serious with me and you are ready to continue our relations for our soonest meeting? Do you? If yes, we need only meet in person. I miss you so much, I want to run away with you far away so no hurt would taint us. But that is just a fragment of my imagination and fantasy. It helps to fantasize sometimes to dull the hurt of things I experience. I miss you, Chris, and want nothing more than to be in your arms until you kiss my problems away.

Dear Chris, you should to know, if I said that I see us together in the future, it means that I do think so! I think I already found my soul mate-is you! Chris, i wish to ask you about some things. i can share with you my problem and count on some your help? After all, it is said that "True Love" is boundless and immeasurable and overcomes all forms of adversity. I will be wait for your reply. My hugs and kisses!

Hope we can meet soon yours Ketrina.

19/08/2011

Ketrina, did you get a moble phone ? what a pity you can't make it over here -I feel very let down. I hope you find what you are looking for and wish you the best of luck. Maybe if you can make it over here we can meet up for a drink etc but it looks as if you can't do that. Great pity, I am sure you did mean to come over but its not worked out.

Goodluck, Chris.

Hi my sweetheart Chris.

I know, that my english language is bad. But i will try to explain to you all details of my problem. And i very much hope, that you can understand all correctly. I said to you, that the daddy's friend helps me with my travel. Now he abroad. He should send money. But he has faced some problem! At present. He cannot send

money. For transfer of money to Russia - he should visit personally his bank. But as I already spoke. The daddy's friend has left the country for some months. Now he to be together with expedition somewhere in woods of Amazon. And to the nearest branch of mails or bank approximately 1500 kilometres of jungle. I very much hope, what you have understood in what the problem consists?

Dear Chris, I feel myself it is a little inconvenient because I had to address to you for the help. I always counted myself the independent person, which itself can solve all problems. But, this time, I could not all to take into account and was mistaken that I can pay all travel myself. When I travelled earlier, it costed for me less. But I'm glad that now I have you Chris, -the man, which can help me. After our acquaintance, at me varies sensations of. Earlier I counted myself the strong, and it was pleasant for me to feel, that I can care of myself. And now I feel simply the woman who requires support.

Chris, I informed a place of arrival to you to the agent and he has calculated the staying payment for me. It will be for me 1400,60 euro. Into it enters: flight from Moscow, Sheremetyevo arpt (MOW) Russia up to London Heathrow (LHR) United Kingdom, roundtrip, 2 air tickets 990,80 euro. plus aviation and service gathering 138,30 euro, insurance 144.20 euro, services of agency of travel 127,30 euro. With me have still remained money, after payment of visa. It about 460 euro, I paid to agent the first part of money, paid for aviation and service gathering, insurance, services of agency (409.80 euro). Now the agent has begun work with my air tickets. Ticket booking. But the agent has informed me: date of my flight to you. I will know only after all payment of air tickets. and now is necessary for me, in 8-9 days about 990 euro or 1290 us dollars to pay in agency the second part of cost travel. I hope dear, that this money not difficulty for you and you can help to pay to me, in 8-9 days, 990 euro in agency.

As soon as I shall arrive to you. I will work! Everything is all right! I will return all money to you. I promise to you! I have made a receipt x-copy. about payment. I have put the receipt in the letter. Lovely, I hope, that I did not make to you difficulty by the haste. Probably it is not planned expenditure for you. If it so, do not become angry about me please, I very much miss you and I wait for our meetings very much. Write to me, dear, give me many forces and energy. I hope to hear from you soon.

Gently kiss you.
With love
Yours Ketrina.

20/08/2011

Ketrina, I think it would be good to discuss this on the phone, please do send me your number. I can get cheaper tickets anyway. Chris.

23/08/2011

Thanks for your excitement about me. To me so it is pleasant. You very attentive and remarkable person. Thanks. I understand your excitement. My darling Chris. You say that you have found tickets more cheaply. But I really did not know -about the real prices for air tickets. I ask to forgive me. After all I the beginner. In these affairs. I asked the agent why tickets so roads. The agent has answered me. And yes it is valid you are right. Cost of tickets has appeared much more highly. You are right. Probably. I could buy tickets separately from agency. But the agent has calmed me. He spoke -into the ticket sum enters:

1. Trip from my native city Lipetsk -to Moscow. Also. I should expect the plane. Therefore into it enters: a food and hotel accommodation, in the city of Moscow.

2. At me two air tickets. The first the air tickets: I treat to you! The second air tickets: I treat back home to Russia.

It is all it is calculated in order to avoid problems with the department of immigration . And agency bears full responsibility for me and my safety. Therefore is required: to buy two tickets.

Agent speaks -the sum turns out not much less. Than all expect. At purchase of tickets separately. And at our case there is a contract. He asked me. To calm you. Also asked not to worry. All will be excellent he to me spoke. Therefore now I am quiet. But nevertheless once again thanks for your excitement. You are very attentive. I'll be waiting for your letter impatiently.

I send many kisses.

Yours Ketrina.

But with you Chris, i feel, that all differently. i would like to be obedient and gentle to to you. Probably mine the daddy of the rights when speaks, that the main instinct of the woman, it to be near to the man and to be obedient to him. he speaks, that the woman can be happy, only if lives thus. i have such opinion to you, for the first time and consequently i think of it much. I think, probably the destiny not casually acquainted me with you!

Chris dear, you have pleasure when you think of our meeting soon? You have any sexual ideas about me? Tell to me about it. i have such ideas about you, but i not shall tell their the first. Ok? But i will call to you from post office. I think now you understand me concerning my phone. I will soon try to call to you!

I asked the agent in what way it is possible to transfer from you money for payment of them. He has told, that will learn about it and to inform me. Now i shall finish the message. I wait your letters favourite!!!

Hi, I got back late from London and they have converted the funds to dollars and sent them. They gave me the MTCN number below. There is 1500 dollars as I made them round it up. Let me know if this is okay or not - I have not used Western Union before. Chris. Your Money Transfer Control Number [MTCN] is: 7089432012

07/09/2011

Hi my love Chris!

I was very glad to see your letter. Dear Chris, I would like to speak to you, Today I went to bank. But I could not receive money. The employee of bank has informed me. Such remittance does not exist!!! I have thought, that probably money has not arrived yet!!! Therefore today in 4 hours. I have again gone to bank. And again tried to receive money, But the Employee of bank, again spoke to me: Such remittance does not exist!!! I do not understand!!! You have not sent money?? I ask you to answer as soon as possible. I need to pay already in agency. And put please, a x-copy of the form of departure. Then I can show to the employee of bank about a remittance. We will check up all together. I wait for your fast reply!

I send many kisses.

Yours Ketrina.

07/09/2011

Hi Ketrina, that's not good - I think they said it would take one day or more as they have to transfer the funds from my bank before they send it out there. Maybe you should wait until tomorrow so it has time to arrive. What is an 'x-copy' ? If you don't get the funds tomorrow I will call them or go to London again to sort it out. Chris.

07/09/2011

Ketrina,

did you check the funds are there ? The funds have left my bank account so it cannot be long before they arrive at the western union account. I am concerned that you have not received the money and don't reply anymore. If you don't have the money then I need to go to London and talk to the Western union people. I have never dealt with these people before as they are only used here by people for desperate transfers etc I don't usually have any cause for this and so I just have a bank account and credit card.

Please do get back with some news, Chris.

8/09/2011

Ketrina, the funds went yesterday from my account so it should be with you now. Let me know when you have it and have booked things. If there are more problems I will sort it out. Chris.

08/09/2011

Hi again my love Chris! I have received your letter. I had no internet. Therefore could not write to you at once. I tried to receive money again. But the employee of bank again said to me, that the given transfer does not exist. I do not understand you! You have sent money???

I ask you to check up all again. And necessarily put a document x-copy. (scan document) about departure of money. I can show to the employee of bank about a remittance. He can check up all. In avoidance of errors. I will wait for your fast reply.

Yours Ketrina.

08/09/2011

Ketrina,

now it is all clear. Teh Western Union people have been trying to call me -but at work I am not allowed to have a mobile phone - so I only just go their message. They made a mistake in converting to dollars and so they cancelled the transfer to Russia. They have a new secret transfer number for me but they will not give it to me over the phone - so I have to go to London again and take my passport or some ID to get this number. I can't do that today. I can only go Friday to do this. Is this too late for you ? I don't knwo what else I can do. Please let me know if I should go and get the new number or they said I can have the money back less the fees they take. Not sure this will help you one way or another - you said it was so urgent. Please write me how things are and if this is still a useful transfer to make?

Chris.

Ketrina, I got back very late from London and had a bad time travelling - here we had a bad storm. The Western Union people didn't charge me again for the transfer as it was their mistake that caused the problem. I should really have asked them to compensate me for having to travel again but I decided not to bother with that.

The new number is: 7100045634. It may be worth waiting a bit for this to arrive. Chris.

11/09/2011

Hi my love Chris! I have received your letter. I went again to bank to check your remittance. Now the employee of bank. To me has told that without a x-copy. He cannot than help without a x-copy of the form of departure. Therefore I ask you to send a form x-copy. Without a x-copy I do not have sense to go to bank. Now I wait only a x-copy.

Yours Ketrina.

11/09/2011

Ketrina,

what is going on ? why do you go to a bank? I have sent \$1500 via western union which is not a bank. I don't think you understand English enough to do this - what a pity.

I can scan the document that Western Union gave me at work and send it to you but I am not sure that you understand any of this anymore. If you don't go to the Western Union office - which maybe a long way away as I mentioned earlier and you never came back to tell me about - then you will never get the funds.

If you can't get to the Western Union offices then please say so now as I feel I should go to their offices in London and get the money back. Maybe there is another way to do this or perhaps you are not so keen now to come here?

Please do get back with your thoughts ... I can send the scan of the receipt but if you are going to some bank then its a waste of time to do this.

Chris.

Hello my love Chris!

How was your day? My darling Chris, today again I went to bank of the western union. The employee of bank spoke to me: the Given transfer does not exist. Therefore I ask you to send a document x-copy. Or I ask you to make all again. There was an error again. I ask you to inform me all again From you the information is required to me:

1.Your address bank (city and street). 2.Your full name. 3.The exact sum of money. 4.Also, do not overlook to write to me confidential number - mtcn.

To check up again, my information:

My first name: Ekaterina. My last name: Muhkachjova. My adress: Russian federation. Lipetskaya area, city: Lipetsk, street Vavilova 44-75. zip: 398002.

As soon as all will check up I ask you to send me a document x-copy. Or to make a new remittance. And still the bank employee has informed me, that you can make a x-copy in bank branch. At them should be the scanner. My dear i shall wait your letter. I send many kisses.

Yours Ketrina.

12/09/2011

Hi Ketrina, I gave you the details earlier so I'll just send now the scan they gave me on a USB stick I took there. I think they used the wrong form but maybe not. The funds have gone from my bank account anyway. Do write again and say how you are and how things go .. When do you arrive do you think ? Chris, xx.

13/09/2011

The bank employee again spoke to me of your transfer does not exist!!! How you explain it????

13/09/2011

Ketrina,

are you sure you have gone to the right place ? you have to go to the Western Union office in Moscow. If you don't get the funds soon I will go and get a refund. Then I can send the funds from my HSBC account - they told me they can do a direct transfer to an HSBC account or other bank in Russia. Maybe check once more that WU don't have it right and then I'll do this if you have an account ?

DO write more, Chris.

13/09/2011

Ketrina, I am sorry that you have not been able to access the funds I sent. I feel very cheated in that I have lost your trust and I have lost the \$1500 as well. I will hope to recover the funds from Western Union. I hope you will also want that I get this money back. Do write and let me know where you are, how things go and if you can receive a bank transfer which would be so much simpler and quicker.

Chris. (not a happy Chris).

28/09/2011

Ketrina, I am going away for a few days to a conference so I will not be on email etc. My phone also will not work abroad so if you call you will have to leave a message again. I am in a rush today to pack and get to the airport - I was told at last minute to go. But, I have gotten a new ID number from the Western Union people so you should be okay. It is MTCN: 6096044023. I don't have time to scan the receipt as the scanner is not working at the moment - my network is not working well at all. I will fix it when I get back if you need a scan. Gotta run. Do write and let me know your plans when you get the funds. This is all taking a long time and I am glad you are so patient,

Chris, xx.

29/09/2011

The given transfer does not exist!!!!

29/09/2011

Ketrina,

of course it does ! I am not at home now so you will have to wait a couple of days but what they want us to do is send a scan of whatever ID you take with you when you collect the funds. So maybe a passport ? or a driver licence. It must have your name and picture. So you need to send me a scan of this and then I will print it out and take it to their offices and they will fax it to their office in Russia. Then you need to quickly take the same ID to pick up the funds.

Sorry about this and that I forgot to tell you this in the last email but I was in a real rush to catch the train. If you can email me the scan I can print it over the weekend and sort it out Monday.

Hope everything else goes well. Tell me about your plans to come here and don't forget the scan of your ID.

Chris, xx.

29/09/2011

Ketrina,

you need to understand that since things went wrong last time with Western Union that they have helped by not using the standard procedure - they want to make sure this all works out this time for us. I have a contact in the London office and have just called him to check all is well. They still hold my \$1500.

Chris.

01/10/2011

Ketrina, I just got back home and there's no sign of you or your ID. Please can you email and send this over so we can get things up and running. Let me know your plans and when you will be here. Chris.

01/10/2011

Hello my love Chris. Today the day off. I will try to receive again money on Monday. My love I always to think of you. Lovely your letters to me do to me huge pleasure. you. My love I should finish the letter to you, I shall write to you later. My prince know, that I always think of you. Your love on always Ketrina.

01/10/2011

Ketrina, please don't go and try to get the funds again unless you feel you can get past the check that Western Union want to do. If you want to receive the funds as things stand you need to send me a scan of some ID that you can take to their offices. Then you can get the funds right away. If you can't do that (surely you have a passport and can do this !) then I will have to reclaim the money and use another Western Union office or other means to send you the funds.

This is all taking a lot of time - do you have any more pictures you can send me ? That would be nice. Chris, xx.

02/10/2011 I to you, do not trust!!! You deceive me!!!! To appointment. Any more do not write to me!!!!

02/10/2011 Ketrina, I don't understand why you write what you write. If you really mean this I will go and retrieve my

money from Western Union. I am very sorry you feel this way. Perhaps it is better as if you have such little understanding then we would not get along very well. Let me know what you prefer to do. Maybe I can call you ? Chris.

03/10/2011

ketrina,

I told you not to go get the transfer until I have sorted out the ID you need to provide for the security check the western union people insist on !! It's not my fault that you don't have the funds by now. Please do calm down and send the ID that I can pass onto them for you to pick up the funds. If you don't do this soon I will have to take the funds back - western union called me again today asking for your ID.

Chris, xx.

04/10/2011

Chris!

Today I went with again to bank of the western union and spoke with the employee of the western union. I have told to it about a problem. But the employee of bank has informed me, that you fool me, as what nameplate data it is not required. The name a surname, and number MTCN is required only. Therefore farewell. You deceived me. Or do normal pass of money. You simply do not do pass of money.

Yours Ketrina.

04/10/2011

Ketrina,

that's not correct. Whoever told you that is not aware of the problems we had earlier and what the Western Union people here have done to try to make up for that mistake. Since they made the mistake in not getting the MTCN number correct (they did two transfers and gave me the number of the cancelled transfer) they have offered to make sure you get the funds easily and with an extra security check. They usually charge more for this service but it is free to us as they owe us something for such a mess.

Please send any ID with a picture and your name on it and we can go ahead. I have URGENTLY to do this as they keep calling me for the ID and soon I need to either send that or take the funds back.

I hope you are doing well. What news do you have ? How are your plans to come here going?

Do write some more and cheer up, not long to wait now and you can get on a plane !!

Chris, xx.

05/10/2011

05/10/2011

Ketrina, that looks very good - well done. I will print it out and go to the Western Union offices. I'll get back to you asap. In the meantime maybe you can write about what you have been doing and your plans to come over here? That would be very nice. Chris, xx.

06/10/2011

I wait for your news. With the information and a form x-copy.

06/10/2011

Hi Ketrina, I am working on this - need to print your ID i colour and get to London again. Please do write about how your are and you plans to come to UK. Do you have anymore pictures ? Chris, xx.

07/10/2011
