

## Pocket Rocket

This is a repeat customer, of course from Dallas, Texas and a “military man”. His other aliases are David Brain and Micheal Ruske. Makes me wonder why, especially when I tell them that I knew they were african scammers from the beginning, why they would keep contacting Debbie and trying to scam her.

Someone who makes you believe that there really is good in the world. Someone who convinces you that there really is an unlocked door just waiting for you to open it. This is forever friendship. When you're down and the world seems dark and empty, your forever friend lifts you up in spirit and makes that dark and empty world suddenly seem bright and full. Your forever friend gets you through the hard times, the sad times and the confused times. If you turn and walk away, your forever friend follows. If you lose your way, your forever friend guides you and cheers you on. Your forever friend hold your hand and tells you that everything is going
