

Scumdog Billionaire

This dipshit sends a Loan Offer to my scambaiting email address which means I have already dealt with him before or that I am on a "loan list" somewhere. I am inclined to believe the latter because I do receive a lot of Loan Offers that are addressed to me directly. This idiot lists his loan range as \$3,000.00 to \$10,000.000.00. I wanted to see if I could receive an amount over his cap, so I asked for a loan of THREE BILLION DOLLARS!!! I guess it didn't matter that his cap was 10 million, because I was approved instantly!

\*\*\*\*\*

Hello,

Thanks for your E-mail regarding my Financial Advert, Before we proceed, I will like to introduce myself to you shortly, my name is Sir Robert Graham, I am the Managing Director (MD) of Sir Robert Loans, I give out Loans at a low interest rate of 3%, I give out Personal Loans, Business Expansion Loans, Business Start-up Loans, Education Loans, Debt Consolidation Loans, Venture Capital, Hard Money Loans, even to those with Bad Credit, ETC, We offer Loans ranging from a minimum amount of three thousand dollars (\$3,000.00USD) and to a maximum range of ten million dollars (\$10,000,000.00USD). Account# - 4304568292

Routing# - 041311555

Account Name – Marcus King

\*\*\*\*\*

Attention Mr.Marcus King ,

I am in receipt of your mail,You just have to bear with us.I just receive a call from the board,so you have to co-pearte with us so that we can move to the next of this transaction okay.See there is nothing to worry about,You and i need it for security reasons okay.So the Board of Committee has stated the Two Option on how your loan funds can reflect in your account in the next working hours okay.

There are two option which you are required to choose from which is the collaterals and non collateral loans process

1. Collaterals Process: The board of Directors usually require an equity based property as collateral for our loan acquisition. You need to send us a collateral for this loan so that we would have the trust that as soon as we give you this loan, you will pay back at the need of the terms. we do not accept any other property type or kind due to the fact that some of our customers have misused this opportunity. They some times claim to have properties and send us copies of ownership, and when they are not able to pay back the loan and we want to claim these properties we then find out that the properties belong to their family.The family will then say they did not attest to the transaction at first so please you have to make sure that the collaterals you are dropping belongs to you and not your family.

Non Collaterals Process: This process requires deposit of payment. For the loan of \$3,000,000,000.00 USD you are entitled to send a payment of \$2500.00 USD so that if you are unable to pay back the loan,your collateral will be claim and you will be placed on the media house by the bank as most wanted person which will destroy your family names plus yours. If you pay back the loan,your payment will be returned back to you. One thing about this alternative option is that it is a Non-collateral/security obtained from banks here which is popularly known as bank securities. When you obtain this non-collateral/security, it actually yield value which will eventually be equivalent to the loan you are obtaining during the stipulated duration of the loan. When you are unable to pay back the issuing Bank take the non-collateral which has yielded value as substitute for the loan. Also note that this amount that is require from you is refundable.If you will understand,I want you to know that this Security that is needed from,Is very small compared to the loan that you will receiving as soon as the Board Of Commitee receive this from you.Again,In any transaction,When colleteral is needed,After the end of the Transaction,I hope you know that the Non Collateral will be refunded to the original owner's.

We have already deposited your loan to the transferring bank,All that is needed is for you to provide the collateral or the non collateral as the loan is acquired from the Board of commitee. Because of the risk and expenses when collateral's are presented, So this is why i personally will always advice that our customers should simply go for the non collateral alternative when they do not have an equity based property to present as collateral.But if you still insist that you present an equity based property then that will be OK with us.

2. Transfer Of Your Loan: The transfer of the loan must be a bank to bank transfer which we have already done, except otherwise stated by the borrower which means, you will have to provide the means which you want your loan transfer to you.

3. Loan refund:The loan must refunded back to the lender at the end of the tenure the loan seeker is seeking the loan for without any delay.for this reason, for this reason,we are giving a maximum duration of 1 years to the loan seeker so that he /she will be able to repay the loan within that period.

Considering the above conditions if they are acceptable to you,you have to give me a fast response so that we can proceed further.I await your urgent response.

Best Regards

Sir.Robert Graham

\*\*\*\*\*

I will select the collateral process and put up my house as security for the loan. Let me know what kind of documentation you require.

Marcus

\*\*\*\*\*

Dear Mr.Marcus King

I receive your Email with the fact that you choose the collateral option, But that fact is that we have change our mind of the collateral expect due to the fact that some of our clients misuse the opportunity whereby they claim to own a property and send or a fake documentation of it. In a situation whereby they are not able to meet up with the monthly repayment and we want to take over there property, we then fined out that the property they claim to be their own, they are not the rightful owner.

Due to this, the company have decided not to accept any kind of a collateral such as land, house and car property.

We both have to Invest Trust in This Transaction to enable us work together.What i am Trying to let you Understand is that without the Non collateral payment which is 1% of the loan you requested for, the loan cannot get to you. as i have stated above we don't accept a collateral or propety for the security of the loan. it will mean breaking the Loan Lending Law.If we don't Invest Trust,Understanding and Co-operation in this Transaction it will be very hard for us to Succeed.What i am Trying to say is that your Trust,Understanding and Co-operation is Highly needed as to enable us Develop Cooperation and made this Transaction Fully Succeed.

NOTE: This Non collateral we are talking about here will be deposited to the bank for the duration of the loan period (15 years ) and it will be yied an interest from the bank and the Non collateral money and the value yieded from the bank will be release to you at the end of the monthly interest payment.

I need your co-operation to enable us proceed, let us know when you can send this requested payment of the Noncollateral payment so that we can let you know when are how to send it so that we can give the bank the go ahead to transfer the loan to your bank accoun immediately.

I wait your response

Regard

Sir.Robert Graham

\*\*\*\*\*

Let me see here..You offer me two choices and when I choose one, you tell me no that it isn't a choice anymore, donkey humper??? What kind of person are you? How much is the requested payment that you are asking?

Marcus

\*\*\*\*\*

Hello

I receive your Email and i am very sorry if this inconvinence you, it is the rules of the company and i need to follow all the rules and regulation of the firm before making any transfer otherwise i will go against the rules of the firm..

here is the requested charges for the Non collateral deposit \$2,500 USD which is the 1% of the loan you requested for.

Email me to know when are how you will send it so that we let you know where to send it to.

I wait your response

Regard

Sir.Robert

\*\*\*\*\*

Do you think that \$2500.00 is 1% of the loan I requested?

Who taught you how to do math?

Try calculating it again – use a calculator, this time.

Marcus

\*\*\*\*\*

Hello

don't let that bother your, that is a way we calculate it that we have to arrive at that answer. If we really want to follow the straight calculation, the money will be too high for you to afford.

If we follow the real calculation we will arrive at \$17,954.84 can you afford that?? that is why we have to bring to an affordable amount which we hope you can afford to pay .We only just need this as a kind of advance which will persuade you to pay the monthly repayment

Let me know your option so that we can proceed

Sir Robert

\*\*\*\*\*

So when you said that \$2500.00 was 1% of the loan amount in the previous email, you just lied about that or you just made it up? I still don't understand where you came up with \$17,954.84 as 1% of the loan amount. Where did you get that from? Does anyone there know how to do simple math? You may want to recheck your calculations, because they are 100% wrong.

Marcus

\*\*\*\*\*

Let me know if you are still interested for this loan so that we can proceed, My supreme officer need an answer from you

Regard

Sir.Robert

\*\*\*\*\*

You never responded to the questions in my last email. I'm just making sure everything is correct.

Marcus

\*\*\*\*\*

As I told you, the Non collateral you are asked to pay before you are qualified to receive your loan is just \$2,500. If you are ready to complete this with us, let us know so that we can send you the information to send the \$2,500 before we can give go ahead to the transferring bank to transfer the loan amount your bank account after the payment is confirmed.

I wait your urgent response

Sir.Robert

\*\*\*\*\*

Thanks for ignoring my questions from the earlier email...

Marcus

\*\*\*\*\*

What earlier Email are you talking about?? I need to know your final opinion

Sir Robert

\*\*\*\*\*

What is wrong with you? First I ask you to explain why you think \$2500.00 is 1% of the loan amount like you stated it was, then you say the actual calculation of 1% of the loan amount is \$17,000.00, which is also totally wrong. Do you know how to do math? I was just verifying that the numbers were correct before I continue, but it doesn't seem that you know what you are doing. Is there someone else in the office I could speak with, because I would rather not continue this with you since you are not very good in math.

James

\*\*\*\*\*

ARE YOU READY TO PAY THE \$2500 USD FEE OR NOT?

\*\*\*\*\*

Learn how to answer a question and respond promptly.

Marcus

\*\*\*\*\*

complement of the day....

I received your mail and i am very sorry for not responding to it earlier i will want you to know that once this non collateral fee is being paid you will receive your loan before x-mas okay.And also i will want you to know that if this transaction reaches next year the board of commite may increase the non collatera fee so try as much as possible to come up with this requested amount so that you can receive your loan before christmas okay...

I awaits your mail...

Sir.Robert Graham

\*\*\*\*\*

Never mind – since you are too stupid to answer my questions, I will look elsewhere for a loan.

Marcus

\*\*\*\*\*

Hello,

i received your mail and i understand all that you have said i will want you to know that i am not stupid okay as i have told you before the board of commitee are giving you the opurtunity to pay the 2500 usd okay so if you really trust me then try and come up with the fee okay...

I await your mail...

Regards..

Sir.Robert Graham

\*\*\*\*\*

I said never mind, idiot, I will look somewhere else for a loan. I have asked you the same question numerous times and since you refuse to answer me, I will go look for a loan somewhere else.

Marcus

\*\*\*\*\*

ARE YOU ON DRUGS? YOU TALK STUPIDELY WHY?

\*\*\*\*\*

Learn how to spell simple words, idiot. I told you since you were too stupid to answer a simple question, that i will look elsewhere for a loan. Now go away, little boy.

Marcus

\*\*\*\*\*

YOU ARE A FOOL

\*\*\*\*\*

LOL – you are the idiot who “approved” me for a THREE BILLION DOLLAR LOAN. You don’t even realize this, because you are so stupid. Look at the emails – your original email says that you give out loans from \$3,000.00 to \$10,000.000.00, so as a joke I asked for a \$3,000,000,000.00 Loan to see how stupid you were. Then you

don't even know how to calculate 10% of something. You are way too stupid to run a fake loan company – go back to shoveling dirt or having sex with goats, monkey.

I am sorry that you are poor and stupid and have to steal and beg for money.

Marcus

\*\*\*\*\*

I thought I would get some more insults out of him back and forth, but he hasn't replied to my last email...
