

The Big Apple

This was a short chat session with an idiot who says she lives in New York City and "she" thinks that Brooklyn is a state. I love to torture these fools when they make so many mistakes just to hear how stupid their excuses are. She admitted lying to me and said it was because she was hurt before in a relationship...well, maybe you wouldn't get hurt if you didn't lie so much you stupid whore!

Greg's (11:10 PM): why is everything bad in this world from Africa? Crime, disease, war, poverty, stupidity - all come from Africa...
Greg's (11:11 PM): run away little beggar boy ... lol

She logs out right after she screws up by calling Brooklyn first a state, and then trying to correct it to city when they're wrong. I figure this bait is over, so I go off on this tangent at the end of the last chat session in which "she" receives as offline messages. I hear from her the next day.

Greg's (1:10 PM): You can't do the honorable thing?

Greg's (1:11 PM): Do you see why I said those things now?

lindathomas9999 (1:11 PM): forget about all that for now okay

Greg's (1:12 PM): Just explain why and I will - I believe in forgiveness

Greg's (1:12 PM): but not if you don't do the honorable thing and admit it

lindathomas9999 (1:13 PM): You know i have been hurt before and i don't want to open yet until i know you are for real

Greg's (1:13 PM): so you start by lying to me? How does this help anything?

lindathomas9999 (1:14 PM): i will open up if everything work out

Greg's (1:15 PM): so I am supposed to just hope anything you tell me from now on is not a lie?

lindathomas9999 (1:15 PM): if that is what you think no problem

Greg's (1:16 PM): Because you have been hurt before - you start off a conversation with someone new by telling lies? How am I supposed to feel about that?

lindathomas9999 (1:17 PM): am so sorry for thati was hurt badly from the past that why

Greg's (1:17 PM): but even now - you are still lying - you are not from New York, are you?

lindathomas9999 (1:21 PM): i am not lying for you anymore but if you don't want to talk again it is okay

Greg's (1:22 PM): You are not from New York - that is obvious - if you say that you are, then you are lying

Greg's (1:36 PM): poor little black monkey...do you like begging?

Greg's (1:37 PM): If you would have asked for help instead of lying to me, I would have helped you, you know

Greg's (1:43 PM): why does everything bad in this world come from Africa?

Greg's (1:44 PM): War, disease, poverty, crime, stupidity, ugly people - all come from Africa

Greg's (1:47 PM): Were your mother and father beggars like you?

lindathomas9999 (1:50 PM): u dey craze

lindathomas9999 (1:50 PM): fuck u goat

Greg's (1:51 PM): are you mad at me?

Greg's (1:55 PM): I heard that all Africans have sex with goats, because African women are so freaking ugly - is this true?

Greg's (1:59 PM): You don't find this funny?

Greg's (2:03 PM): poor little beggar boy...

These idiots are so funny to get into chat rooms. They will lie, recant it or change their story within seconds of telling other lies and they don't think this makes them look foolish. This always makes me think of Yusufu/Maria Aida – a scammer who I had a chat session with who got his scams mixed up...

Yusufu – South African Oil man contacted Greg for Oil Contract

Maria Aida – rich Cocoa widow from Benin that contacts Greg to move some money

These two scammers are the same person, and in a chat session with Maria the rich Cocoa widow who starts talking about Oil contracts, like Yusufu...I start questioning her, but he gets irked and says "I am a busy man".

Me: Are you a man?

Maria: yes am a man

Me: Then why are you talking from an account that says "Maria Aida"

Maria: I am Maria's husband. I am using her account.

Me: Maria told me that her husband is dead, she is a widow.

Maria: I am Maria's son.

Me: LOL – are you freaking kidding me!

He actually says later that he isn't either, just an innocent bystander who stumbled upon an open email account. The bait is titled "**Oil And Cocoa Don't Mix**". Very funny...
