

## The Jokes On Chijoke

This fool contacting me in Dating72.com and I wasn't sure if he was a scammer at first. He sent me a short message which I answered with "Not Interested". Later that day he sent a little longer message telling me how much he was in love with me, we were destined to be together, give love a chance, blah, blah, blah. Yes, that's right – we have never talked before. This scammer is definitely dumber than others. He contacts me in Yahoo Messenger and won't tell me his Username on Dating72 at first...After we start talking, another profile from Dating72 writes on his comments – "THIS IS A SCAMMER AND HE IS AN ASSHOLE!" This I will find out for myself.
