

Anita Loan And Two Brains

This is the sequel to Anita Loan And A Brain – this is the third time I baited this idiot (the second had boring results, just a lot of cussing). I like how she introduces the new company, and quickly switches the interest rate to make it seem more real. The new company is in green to differentiate the letters – I hope you don't get too confused. I can't wait to bait this fool again...

(In her first rant, she has four kids, and in this one she only has three...)

You are obviously a scam - there is no lending institution on Earth that would give out a 2% loan. I know you are too stupid to understand this, but why would a company risk earning only 2% on a loan when there is the risk of default when they could invest it in T-Bills, T-Notes, and T-Bonds and earn 4% that is guaranteed. Like I said, I'm sure you don't understand this, but that is why I know you are a dirty, rotten scammer.

Susan

If you are going to pretend you are loan officer, you should really learn more about the industry. Your stupidity is a dead giveaway. And you've seemed to have lost a child...

Hello Susan,

please do not insult me i am a lady like you, but now i know you do not need this loan but thank you any way for your insult and God bless you in all you do Amen.

Thank's and good day.

How can you prey on innocent people and try to steal from them while quoting God?

Have you no soul?

You are sad...

Susan

Interjection – I have baited Miss Anita Cole three times now under different email addresses. I created this email address for the express purpose of baiting her for the third time two weeks ago. I have sent no other emails or did anything else with this account and suddenly I get another loan offer for 2% interest.

Interesting...
