

Bomb The Maga

I pissed off one of my loan lads that I have been conversing with (teasing) for over a year – Williams Wee/Felix/Jilese Jibril. Next thing I know is that I get a message in Yahoo Chat from Frank Ewere telling me he wants to be my friend and is looking for a wife. Then he says he loves me. This all happens with 10 minutes of screwing with the Terrible Trio (probably one and the same person). Frank Ewere is a crony of theirs or possibly the same person, but I have seen him online with Felix and/or Williams Wee as well. Well, I tell Frank to go away after he says he loves me after 5 minutes of chat, so the insults start from him (MUMU, Maga, etc.). We start going back and forth with me getting pretty racial (sorry folks), and as I am speaking with him I get a couple of Buddy Requests from people I don't know. I accept their requests and of course they are loan scammers, so as I am talking to them as well as Frank, Frank sends me a message – “...**bomb dey maga – debbiedawson0404@yahoo.com...**”, which was obviously not meant for me but his scammer buddies. In the next hour, I get about 15 more chat buddy requests and/or emails from loan scammers. Four days later, I have had at least 10 emails and 20 buddy requests from these fools. And the funny thing is that they don't seem to know that I am a baiter – that I am seriously looking for a loan. Here is one of the fools...
