

Calvin Jacks Three

This is the third attempt for a scammer to try and hook up with Debbie. This fool contacts Debbie from his Army Guy persona, fails miserably in his attempt to woo Debbie, mainly because he can't speak English that well, then creates a new Army Guy persona, and tries again. This is try number three. Both previous attempts by this fool were spoiled because after Debbie calls the other liars because they obviously weren't Americans like they said, the stupid fool would start to speak Nigerian / Yoruba, while still insisting he was an American. Yes, it boggles the mind how stupid Nigerians are...
