

Chico Is The Man

I have been getting a lot of these scams lately. These are recycled scams...This fool contacted already before and failed to get money from me, or the original scammer sold my email address to another scammer. How I know this is the first email was addressed directly to me, not 'undisclosed recipients'. If they failed getting money from you the first time, they try again with this format. LOL – the funny thing is, I am sure I called them every name in the book and I was the main reason the first scam failed, but now they want to give me \$1.5 million dollars for my attempt at helping them...freaking idiots.

Goodday James Cagney,

Read the email I sent to you, you fool.

James

You must be a stupid person by calling me a fool do you know me before or because i am trying to deliver your message to you is why you will insult me do you think you are talking to baby boy

You didn't even read my email, you fucking stupid idiot. I said I have no idea who you or your boss is and I have never dealt with him before. Maybe if you would learn to read, you would have \$95 dollars in the bank instead of being poor.

James

You thank i am poor man because am trying to deliver your message that you have the mind to insult me or do you think am begging you money no okay you can wait until my boss comes back from his trip because i don't want any insult from you,

You are an idiot and you already said that you were a poor man – that you did not have \$95. I am telling you I don't know your boss either. How hard is that to understand?

I don't know you or your boss so stop begging me for money when I already told you that you have the wrong person.

Do you understand, fool?

James

If you not interested in paying the said fee 95\$ do not insult me or contact me again and you can contact my boss for farther explainon.

I can see that you are poor and stupid, because you are from Nigeria, right? How much money do you make? Like \$20 a month? No wonder you are begging me like a dog for \$95.00 – that's like half a year's salary for you, moron...

James

I was kind of hard on the little fella, but I really do hate these types of scams...
