

Cujo And Martin

I love when these idiots turn the scam over to the all-knowing, all-powerful lawyer. I make it a point to find fault with everything they do, which is usually not hard to do. I also make it a point to bitch and complain about how stupid the lawyer is to the client, but also “accidentally” copying those emails to the lawyer as well.

My Dearly Beloved,

It is by the grace of God that I received Christ, having known the truth, I had no choice than to do what is lawful and right in the sight of God for eternal life and in the sight of man for witness of God’s mercy and glory upon my life.

I am Mrs. Melissa Kojo the wife of Mr. Harry Kojo, my husband cworked with the Texaco oil in Ghana for twenty years before he died in the year 2001. We were married for ten years without a child. My Husband died after a brief illness that lasted for only four days. Before his death we were both born again Christians.

Since his death I decided not to re-marry or get a child outside my matrimonial home which the Bible is against. When my late husband was alive he deposited trunk boxes of gold with a Bank here in Ghana. Presently, this Gold is still with the Bank and the management just wrote me as the beneficiary to come forward to sign for the release of these trunk boxes of gold or rather issue a letter of authorization to somebody to receive it on my behalf if I can not come over.

Presently, I'm in a hospital in Ghana where I have been undergoing treatment for esophageal cancer. I have since lost my ability to talk and my doctors have told me that I have to rest. It is my last wish to see this trunk boxes of gold live the said bank to any where in the World. Because relatives and friends have plundered so much of my wealth since my illness, I cannot live with the agony of entrusting this huge responsibility to any of them.

Please, I beg you in the name of God to help me Stand and collect the gold from the Bank. I want a person that is God fearing that will buy the gold through the bank where the gold are deposited or assist me make the sales outside Ghana to avoid problem from my husband family

Exodus {14 VS 14} says that the lord will fight my case and I shall hold my peace. I don't need any telephone communication in this regard because of my soundless voice and presence of my husband's relatives around me always. I don't want them to know about this development.

With God all things are possible.

As soon as I receive your reply I shall give you the contact of my attorney who is in Accra as he will be the one to assist you in all the process with the bank.

Yours Truly,

Mrs. Melissa Kojo

Melisa

So instead of hiring a lawyer, a business broker, or a securities dealer, you decide to contact someone you don't know from the internet? Are you an idiot? What proof do I have that this is all real?

Debbie

Debbie,

I am not idiot at all. you should pray not to find your self in my condition right now.

I have not other choice, but, if you say you are not God fearing person to handle this, then, i can understand.

There are proof surely, the attorney will get you proof, which you can give to your bankers to confirm as well.

Yours Truly,

Mrs. Melissa Kojo

Where did I say I was not a God-Fearing person? Are you confusing me with someone else? I asked you some simple questions that did not make sense, that's all.

I see a huge problem with this Power of Attorney that you sent me. Nowhere on it is it signed by the Principal. A Power of Attorney is a legal document conveying powers from the Principal to another person and must be signed by the Principal. What kind of idiot drew up this document??? How long have you been a lawyer because you are a complete and utter moron. This document will not hold up in court and its worth is equivalent to toilet paper. I must speak to Mrs Melissa Kojo over this but I feel we may have to look for a new lawyer who actually knows the law.

Debbie

Dear Debbie,

Without rubbishing or dragging my name in the mud, i will like to clarify you on that. I have signed a power of attorney already with my client Mrs. Melissa and that give me the capacity to act or issue that power of attorney.

Martins Owusu (esq.)

Melissa;

That lawyer is a complete idiot who doesn't even know how to draw up a simple legal document like a PoA. I think we should hire someone who knows what he is doing.

Debbie

I "accidentally" copied the lawyer on this email I sent to Melissa. Don't get confused about the next few emails – I copied both on one email and was speaking to both at the same time...

Attn: Debbie,

There are still some documents to be secure and process for the legal issue and claim from the bank. I need USD 50,000 to complete it. I have also communicated this to melissa, to get the money to me today. Do also get back to her and let me know as well.

Martins Owusu (Esq.)

Debbie,

He is in charge. i have already given him the power of attorney to act on our behalf. He has the power to do that, the bank knows that as well. Go ahead and follow his instructions.

Yours Truly,
Mrs. Melissa Kojo

Then what was that Power of Attorney that he sent to me, because it is not valid or legal. Are you saying he sent me a fake one???

Debbie

Dear Debbie,

I do not mean that at all. the document he sent to you is valid and legal. You need extra documents from the court as well as court order. I was only able to give him 26,000\$. That is all i have. you will have to complete it for the documents to the attorney. send him the balance 24,000\$.

We have cash in the account, which has now your account with the power of attorney and court order.

Yours Truly,
Mrs. Melissa Kojo

Back to the lawyer...

Dear Debbie,

Without rubbishing or dragging my name in the mud, i will like to clarify you on that.
I have signed a power of attorney already with my client Mrs. Melissa and that give me the capacity to act or issue that power of attorney.

Martins Owusu (esq.)

What are you talking about? What exactly was the document that you sent me? You and Melissa both stated that it is a Power of Attorney, and it is not valid. Are you telling me that you have the real one and that the one you sent me is fake? What is going on here?

Debbie

That is not what i mean.
The documents i sent to you is valid.
What i mean is that, there is extra documents that needed to be obtained from the court.
There is money/cash (USD2,000,000) inside the account and not only gold bars.
you have fund and gold bars in the consignment account with the bank.

We need to secure the documents from the court and court order will be obtained.

I was able to only collect 26,000 \$ from Mrs Melissa and she is out of fund right now.
She said you will complete the payment.
The balance you are to send to me today is 24,000\$.
Do you want to make the payment into account or can you use western union to send it to me today?

I wait to hear from you today.

Martins Owusu (Esq.)

The document you sent me is not a valid Power of Attorney. You cannot write a letter granting yourself or anyone else Power of Attorney without it being signed by the principal. You did not know this? How long have you been a lawyer?

Debbie

I sent this next email to Melissa, but accidently copied the lawyer again...

I just emailed the lawyer – he is either a fake or a complete idiot. He knows nothing about the law, it seems.
The document is not a legal Power of Attorney, no matter what that fool tells you. I will look for a new lawyer to complete this transaction, if you don't mind.

Debbie

I can see you personally have attitude.
what are you talking about scam? you can have the skr report to confirm the gold deposit with the bank if you must before sending the money.

Please don't teach me what is obtainable here. the bank outlined what they needs for me and that is what and doing.

It will be better if you come over your self to see this for your self first hand.

Please stop your insult, because i will not telorate it any more.

Martins Owusu

Dear Debbie,

I mind about that, because you can not change him from the fund.
He is the only recongnized lawyer to the bank.
The bank will not deal with another lawyer.

You need to trust him. He is a trust worthy attorney.
He has an enviable track record with our family over years.

Your Faithfully.
Frank Wem

Yes, our heroes name is now Frank Wem – oops.

It seems you have forgotten your own name – it is supposed to be Melisa Kojo, not Frank Wem.
Are you confused or just extremely stupid?

Debbie

Not confused. i had his email under it on the same notepad.
i did not write me name on the mail.
i midstakenly copied the name on the botom of the notepad along with the mail i sent to you.

thank you for understand.

Melissa

Dear Frank or Melissa or whatever the fuck your name is;

So I am supposed to believe that there is only one lawyer on Earth that the bank will deal with??? You are a fucking liar – it is obvious that this is sort of scam or hoax. You have a lawyer who doesn't know how to create a Power of Attorney, and you can't seem to remember who you are or what your name is. I glad that the idiot

posing as a lawyer was so stupid that he gave away your scam. You are both sad and pathetic losers – do you enjoy begging for money?

Your parents must cry a lot in shame...I pity you.

Debbie

I think you should apologize to the attorney.
this is outrageous.

Melissa

I see that you remembered what your name was supposed to be – congratulations, that's a start.

Debbie

I can see you personally have attitude.
what are you talking about scam? you can have the skr report to confirm the gold deposit with the bank if you must before sending the money.

Please don't teach me what is obtainable here. the bank outlined what they needs for me and that is what and doing.

It will be better if you come over your self to see this for your self first hand.

Please stop your insult, because i will not telorate it any more.

Martins Owusu

You won't tolerate any insults? You are an idiot who is pretending to be a lawyer and is so stupid that you don't even know how to create a real Power of Attorney. Go fuck yourself, beggar.

Debbie

I think you are the idiot who think every attorney should copy the same partern of power of attorney in every aspect of life and in did the world.

For you information text on power of attorney defer from business to business. and also defer from country to country.

If you do not want to go ahead, then, do not write me again.

if i ever receive any insult mails from you again, i will file a law suit against you for assult.

Martins Owusu

You are a freaking moron. First you say that you have the "real" one signed by your "client" in your possession and now you are saying that PoA's differ from place to place so that one you sent is the "real" one? Which is it? Notice the correct way to spell "differ", you idiot. Why does everything that is bad in this world come from

Africa? AIDS, hunger, war, disease, crime – all of this is rooted in your pathetic continent. I pity you. I am sorry that you are a beggar and are too stupid to get a job and you have to steal from innocent people. I think that God hates you and your pathetic people. It must be horrible to be you. Your parents must cry a lot in shame.

If you were a real lawyer, you would know it is not against any law to insult people, penis-face.

You should do the world a favor and cut your own throat – it would make the world a better place if you were dead.

You should blame your stupidity and the fact that “Melissa” couldn’t remember her fake name to why you failed...

Debbie

Good,

I can understand africa is the cause of the bombing of world trade centre.

or the cause of the war in afghanistan and iraq.

or the cause of the nuclear stand off between USA and iran.

or the cause of hezbollah militia or mamas movement in palistinia?

you are dick head and stupid girl.

Yes, you are correct that Africa is the root of all of these problems. All of the world’s problems are due to the inferior, mongrel dark race which originated from your cesspool of a continent. Even if you look at the United States, the greatest country in the world, all of the problems we have – crime, drugs, unemployment, poverty, homeless people, etc. – are all rooted from the African race. It’s sad that blacks only make up 12% of our population but commit 80% of the crime. Is it in your blood? Are you born with the tendency to steal and commit crime? I am sorry that you belong to that pathetic race and that you are poor and a beggar, but this is due to your own choices and the environment that you live in. I know you think that the USA owes you something because of slavery or whatever – I will agree with you that I wished that would have never happened. Our forefathers doomed this country when they brought your filthy race over here. You are like a disease and you are infecting the world, like in Afghanistan, Iraq, Iran, and Palestine and all those other countries who follow the false prophet Mohammed and his pathetic religion.

Debbie

ok play girl

Why do all African men have sex with goats? Is it because all African women are so freaking ugly?

Debbie

I definitely want to keep this one going and hear all of his complaints about how bad America is and what bad things America did , etc. but it has been a few days and he hasn’t responded back...

I apologize for the racist comments, as well as the religious intolerance. I have no problem with Muslims or blacks, just with criminals – I was just trying to piss him off!
