

Easy Come

This scambait was short because after thinking Debbie was a man and professing her love to "him", this idiot didn't know how to explain his error. I pressed her to explain but she just got short with me and didn't want to discuss it, so I dumped her.

My dearest one,

How was your day?. I believe it was fine. Mine here is very cold and like you know I am living in the refugee

camp here in Dakar meanwhile am from Liberia. In this camp Its just like one staying in the prison and i hope by Gods grace i will come out here soon. I don't have any relatives now whom I can go to as all my relatives ran away in the middle of the war. The only person I have now is Rev.Pastor Benjamin Samuel who is the pastor of the (Christ for all Churches) here in the camp, he has been very nice to me since I came here but i am not living with him rather i live in the female's hostel because the camp have two hostels one for men the other for women.

Call me with this Reverend's Tel number (+221761351405) (00221761351405) if you call, please tell him that you want to speak with me so that he will send for me in the hostel. Call from 1.00pm GMT . His email address is (sam91vs1@yahoo.ca) . As a refugee here i don't have any right or privilege to any thing be it money or whatever because it is against the law of this country. I want to go back to my studies because i only attended my second year in nursing school before the tragic incident that lead to the death of my parents took place. Please listen to this, i have my late father's death certificate here with me which i will send to you later,because when he was alive he deposited some amount of money in a leading bank in which he used my name as the next of kin,the amount in question is \$5.7M(Five Million Seven Hundred Thousand US Dollars).I have written to them and they told me that i will have a foreign partner who will assist because of my refugee status So i will like you to help me transfer this money to your account and from it you can send some money for me to get my traveling documents and air ticket to come over to meet with you and continue my nursing education. I kept this secret to people in the camp here the only person that knows about it is the Reverend because he is like a father to me. So in the light of above i will like you to keep it to yourself and don't tell it to anyone for i am afraid of loosing my life and the money if people gets to know about it.

Dear, please i will like you to send me all this mentioned particulars in order for me to know you more and know whom i am dealing with, Below here is what i needed from you so that i can then send to you the bank information as well as my late father's account number.

- (1) Your full name,
- (2) Country of residence & city and also your phone number in case i want to call you . Also i will like to see one or two of your pictures so that i will see the face of who i am dealing with. Remember I am giving you all this information due to the trust i have on you. Meanwhile i will like you to call me like i said i have a lot to tell you. I want to hear your voice and to know whom i am dealing with i believe God is not a man nor can he lie. Have a nice day and think about me always. Awaiting to hear from you soonest.

Yours faithfully,
Jasmine
