

## Faster Than The Speed of Love

This was one of three scammers I was playing with at the same time. I was a little hard on him and one of the others and I let them go a bit early, but I know that it's not the end. This has happened to me time and time again where if I say "...you're too old..." or "...I am looking for someone without children...", the scammers will give up only to contact me with a new profile where they are my age or without children... lol. This moron will know not to tell someone he loves them within the first 20 minutes...

I am still waiting for this idiot to contact me with a new profile (or maybe he has already...). Off the subject real quick, I picked up this scammer from Dating72.com where 75% of the profiles are fake / scammers – I have 3 or 4 other people helping me in that dating site tagging scammers profiles. If someone comments on your profile, you can't delete it, so me and my group tag all of the scammers we meet in there as "SCAMMERS" in their Comments Section.
