

Ghana Gitcha

This bait really went nowhere, then after a few months he tried to revive it with no luck. I am starting to get this a lot where scammers I dealt with long ago try to revive old scams. It's pretty funny how I can cuss them out or tell them I was baiting them, and six months later they will try again.

This is where the bait petered out. To be honest, I kind of forgot about it and he didn't contact me again for months. This next email was about 4 months later.

\*\*\*\*\*

Hello James Cagney,

Good morning to you, I hope you have not forgetting about me so soon.

This is Mrs Joy, I'm happy to inform you about my success in getting those funds transferred under the your name. Presently I'm in Accra, Ghana; for investment projects with my own share of the total sum. meanwhile, I didn't forget your past efforts to collect your end of year compensation fund, despite that you did not respond fine.

Now contact my secretary in Benin Republic his name is Bright Anetor, on his private e-mail ([brightanetor@hotmail.com](mailto:brightanetor@hotmail.com)) ask him to send you the total of \$100,000.00 (One Hundred Thousand United State Dollars Cheque) which I kept for compensating you for using your name to cash the total amount \$350,000. I appreciated your efforts very much. so feel free and get in touch with my secretary, and instruct him where to send the \$100,000 cheque to you.

Please do let me know immediately you receive it. In the moment, I'm very busy here in Ghana, because of the investment projects which I and my family are having at hand. Finally, remember that I had forwarded instruction to my secretary on your behalf to receive that money, So feel free to get in touch with Him,

He will send the amount to you without any delay.

Best Regards,

Mrs. Joy Albert.

What kind of investment projects are there in Ghana? I thought Ghana was a country of criminals and disease, full of stupid and smelly people? The only investment I would make in Ghana would be with some nuclear missiles and a remote detonator.

James

\*\*\*\*\*

Dear James

Thanks for your mail, before I answer your question is no criminal in United State? if it may please you your president choose Ghana as the first Africa peaceful country and he came for visit.

No matter what circumstance we may have gotten our self into doesn't put the state a criminal town.

Ghana is the most honest people, sometime you may have met another nationality in Ghana and mistake him for Ghana.

There are a lot of investors in Ghana and Ghana have the highest European,America and other countries citizen doing business in Ghana.it a place of tourist which have 24 hour life and security,if you doubt you can find out and 43 year old woman i can't lie to you,it is not my country but because i know it is a place to stay just like UK in Africa.

Tourist business and Estate business is going on fine .

I hope i have answer your question you can reach Bright to send you the Cheque.

Thank you,

Mrs.Joy Albert

I thought that Ghana was full of filthy savages, thieves, scammers, and goatfuckers. Your comment about President Obama just proves my point - he is a savage, thief, and a goatfucker. Personally, I would waste a penny on that god-forsaken country. In fact, you could probably buy the entire country for less than \$100; that's if you can stand the smell.

James

Haven't heard from him since. I know, I could have extended this longer or gave him false hopes, but I was kind of annoyed that he contacted me again after such a long time.
