

## Gift Horse

I am still amazed by the number of random scammers who contact Debbie to offer her a loan. This all goes back to Frank Ewere and "Bomb The Maga", I think. Here is another short one, with such a silly, ridiculous name.

Most of the last insults were after "she" logged out. She logged out immediately at 9:18 when I laughed again. I am still looking for that happy medium in the chat scambaits – I either get the really short hilarious ones or the really long boring ones. I admit, this could have went a lot better if I didn't mention Nigeria and laughed at his name, but you'll have that sometimes and there will be more where this moron came from.
