

Old Blue Eyes

One of many Romance Scams I had going on at once. I decided to start copying and pasting responses just as they do, to cut down on my typing. I admit that is less funny than my usual perverse responses, but my whole purpose here is to waste their time and get them in a chat room.

Hello,

How are you doing today good i guess anyway i'm doing fine here as well...I just want to tell you more about me: I am a single lady,never been married,no kids,I work in a dress shop as a Sales girl,. ,am ready for serious relationship but looking for a true love we could be the one of my heart after i recieve your reply.....I love reading,listening to music,like action comedy movies,love meeting people far or near, i love been with friend and going out for camping and most of all been close to the nature..Am looking for a man that can make me happy and be there for me through thick and thin and that can help me find the treasure that i have lost and will see me through all my ups and down, a man that is loving caring,undestanding,that will respect my oppinion and most of all that play the game of love I am very outgoing,communicative,easy going,outspoken,I am also a very Romantic type,love to cuddle,hold hands while walking,I'm trustworthy so far as people tell me maybe I'm just laid back,lol...I also tend to have a good heart with so much of love to give and to recieve.I am a sensitive, intelligent, passionate affectionate,loyal, witty, inteligent, humorous, efficient, creative, sensitive, caring, generous, communicative, sensual, charming, reliable, cleverly neat woman looking for someone special to share my world with and potentially, to grow old with I am alone child as well,parents are late now though,lost them to an auto accident sometime back,presently I live in a Church since the rent payment was unbearable and I can't get to pay up,I love watching Movies,Televison,listening to Music, Singing, Reading,Writing peoms, Swimming,playing Basketball.Now I guess a question will come to your mind(Why is she Single)isn't it...ok ok,I used to have a boyfriend but I broke up with him,I caught him on bed with my best close friend,you know how that is,it's a SHOCK,lol...so this led me to break up with him,was I right by that decision???I seek for a complete honest man,who will come home to me,love me,adore me,a strong man with a strong heart who will want our relationship to last forever,a comppassionate man,one with good heart and know how to handle matters,I want a lover not a fighter,lol I am committed life to living to the fullest and in growing as a person. Having fun is very important to me and I am looking for someone with whom I can share life's experiences and grow together in faith and love with. My ideal match is someone who has a zest for life, someone who can have laugh and have fun but,and at the same time,he most be responsible and serious. Someone with whom I share a strong physicial and emotional connection. In the long-term, I believe that it is essential that we share similar values and that we have excellent communication with one another.I love to cook all types of food but I have no one to share a meal with-so I cook only when I have to. would u like to have a meal with me. chris nikky

I can see you put much time and effort into this obviously copied and pasted response. That really warms my nutsack. Your made up response is really romantic and I hope you don't mind if I copy and paste some responses from other letters back to you.

Would that be okay, my sweet?

Love,
Greg

This was a test to see if she actually read anything I wrote – obviously not!

Hello,
How are you doing today??i hope you are feeling better,don't think I have ever told you how I felt the first time we met. You were so cute and your deep blue eyes were so fascinating, I felt like I could lose myself in them. I never use to believe in love at first sight, but that day when our eyes met, my heart raced and felt like it would burst out of my chest. It was like the home run feeling, that jump over the fence feeling. I was swept off my feet! And when you winked at me I felt like I couldn't breathe, you kissed me and my knees suddenly went week.. Immediately I fell in love 🌹. I knew then what love at first sight felt like; our eyes met and there was a connection, like a bond I felt uniting our heart. I have been in love since that day and still am, though you're far away and we've gone our separate ways. You will always be my first and greatest love. You will always live in my memory for all eternity. Love always,
My Soul Mate

I have strong ideals, and know how to treat a woman who appreciates the simple things in life. I do appreciate the finer things in life, but that takes the appreciation of the simple things first. I do pamper the special person in my life with all the affection and attention he ask for, but that must be mutual.

I am very job orientated and do work a lot of hours. I do travel on occasion when my job requires it. anyway... I do like what I have read so far. Do you have any photos of yourself, I would appreciate it if you would share them with me. I look forward to hearing from you soon.

Take some care and have a wonderful day,

Greg

Thank you so much for getting back in touch with me as it actually made my day!!!, you sound like all i want, you are my perfect match . I am really going to put a lot of effort into writing this letter to you in hopes it will provide you with a good understanding of who I am, what I am all about, and what has made me the person I am today. The reason I am going to write a letter rather than just send a message is because I am serious about wanting to establish a quality friendship with you, and because of the fact I rarely contact anyone on here, so when I do you can be rest assured I am serious about my intentions.

Greg

Thanks for back ,i want you assist me with just 300doller to pay my internet bill

Yes, same email sent again...

Thank you for the time you take to write me and telling me I am wonderful ...Those silent moments recharge my senses of appreciation for you.Thank you for written me at the right time... it shows me that you are genuinely supportive of my goals, which are such a part of who I am.Thank you for answering all my questions without criticism or impatience - you have shown me that my dream of a kind and considerate relationship is a reality. You motive me to expect and tolerate no less and to be the same with you and those around me. You have created calmness and safety in my life which I only ever imagined.

Greg
