

Eyes Of The Beholder

This was another scammer from Dating72.com who contacted me. This one pretends he is an Eye Doctor who owns a Lasik Surgery Center in England. Unfortunately, this idiot can't see how stupid he is!

Gillet Edinson: Hello

But, no one can make me laugh and smile like you. You are the only one that ever made me so happy since am surfing through the internet. No one could ever take your place. I feel as if my soul has stolen my heart and left me to cry myself to sleep each and every night with guilt in my heart of how I want you. I was so stupid to leave you. I know sorry is just a word, but for what it's worth I am very sorry and I beg with every ounce of my soul please forgive me!

Gillet Edinson: i found you again
debbiedawson0404: hi beggar
debbiedawson0404: whats wrong beggar?

This scambait is not over yet, I am sure of that. If you noticed, the format of Yahoo Messenger has changed so my conversion to pdf and to the web has changed as well. There are timestamps beside each line that I didn't include and a lot of the chat sessions under the bold headers are continuous, some aren't – Yahoo Messenger auto-saves the chat now. It's funny how these fools admit lying in one breath and then in the next breath deny that they are a liar. This format of his scam, a Lasik Center, was hilarious because at some early point after me asking about myopia (near-sightedness), he saw an opening for a "Miracle Drug" that cures eye diseases. Guess he should have looked up myopia...
