

Unwilling Heir

This has to be really confusing to scammers and thieves when they try to give someone millions of dollars and the person won't take it.

I am telling you for the last time that I don't know this person nor have I ever met this person. Do you know how many Debbie Dawsons there probably are in the United States? Probably hundreds. Why do you think I am the right one when I am telling you that I am not. When did this person die?

Debbie

Mrs Debbie,

My client Engr Juggen Krugger in 2008 and i said before that i am just carrying out his last wish so its either you accept the inheritance or you decline it no who one is forceing it on you just letting you know but i ill like you to see a copy of the WILL after which you will decide what to do about you inheritance,if you will choose to keep it or reject it its left for you.

This is an ultimatum for Debbie – he threatens “rejection” of the inheritance – unfortunately he cannot fathom the honesty of Debbie.

Ma'am i hurriedly wrote you my previous message as a result of my being late to a meeting with my partners regarding this inheritance.

Hope you understand debbie will write you when i get home Thanks David

A few days later...

Mrs Debbie,

I haven't received your mail since we last wrote each other,i want to know what you wanted to do with your inheritance,if you are accepting it or rejecting it so that i can present your case before the probate committee.

In your last email, you said you would write back when you had time. I am telling you, that I don't know this person so I am sure you have the wrong person. You said he died in 2008, right? Why do you think I am the right Debbie Dawson? There must be hundreds of people named Debbie Dawson in the United States. Is there an address in the Will? Why do you think that I am the correct person?

Debbie

This is the only information i have on you check it and see if you re the right person or not and let me know if you are accepting your inheritance or rejecting it

Yours-in-service David

That is my correct address, but like I said, there has to be some kind of mistake. So I will reject your claim that I am the correct inheritor this man's estate.

Thank you,
Debbie

Dear Debbie,

I received your mail and the content well understood,now you will have to sign a renouciation affidavit which i will be sending to you by tomorrow with a copy of the WILL for your viewing,after which you read and sign will not be contacted again.

Regards

David

Okay, thank you.

Debbie

Dear Debbie,

Your case has been presented to the probate committee of my late client who made you a beneficiary to his WILL, now there are things I want you to understand, my late client wanted you to use what he left for you to help those I need like the less privileged, the motherless babies home and the needy around you to help people that's why he left you this money, I don't know why you choose to reject it, well maybe he thought you care about other people well being but must be disappointed seeing you not doing his last wish on earth, well after you finish reading this mail and still want to reject the WILL let me know.

David Smith Esq

I said I am not the correct person, that I don't know and have never met this man. Please send me the revocation certificate.

Debbie

Ok ma'am I will get back to you as soon as possible David

Days pass... There is no Rejection Letter or Revocation Certificate – that was just an empty threat. He doesn't know what to do here if Debbie won't take the inheritance. I guess to keep this going, I'll have to contact him.

I still haven't received the revocation certificate that I am required to sign. Thank you.

Debbie

Dear Debbie,

Sorry for not getting back to you earlier as the probate committee are looking into your case as they will have the final say meanwhile I've been trying to call you to talk to you on the phone but your phone is not connecting why is that kindly let me know.

David

You said you were going to send me the Revocation Certificate or the Rejection Letter or whatever it is weeks ago and I am still waiting. I would like to sign it and be done with this.

Debbie

Dear Debbie,

I know that you want to sign it but you have to wait for the probate committee to give a go ahead then I will send it for you to sign, meanwhile I would love to talk to you on the phone kindly get me your working phone number.

Regards

David esq

You do have my working phone number - 330-669-2473. That is my home number. I am at work until 5:00PM EST every weekday and therefore unreachable until after that. What did you want to talk to me about?

Debbie

Yes thats the number i ve been trying to call but not going through,but can you call out of the states?

David

I asked what do you need to call me about? All I need is to sign the Rejection paper so I can be done with this.

Debbie

Dear Debbie,

I know thats what you want but i need to talk to you on phone okay,do need my number or should i call kindly let me know.

David

I am not making an International phone call when all you have to do is send me the rejection form like you said you would do weeks ago. Send it and let me be done with this, or don't ever contact me again.

Debbie

Dear Debbie,

This is what will happen i ll call you give me time to call,your own convinient time.

David

I don't work on weekends, so you can call anytime on Saturday or Sunday. I still don't understand what you want to talk to me about, I just need the Rejection Letter that you said you would send me weeks ago.

Debbie

Can you Imagine what is going through this fools mind? He has to believe that Debbie thinks he is real, but Debbie will not take "free money" that is not rightfully hers. This has got to have him baffled. Thieves cannot understand honesty and integrity, and so he is confused as to what to do here. Unfortunately, I don't have a good female voice or a number for him to call, because I would love to hear what he has to say. The number he has of mine is a fax number of a random business, that's why he can't get through. I would assume that he is either going to sweet talk and romance Debbie or ask her to take the "inheritance" and possibly split it with him. I haven't heard from him for a few days, so he probably called the fax line and gave up. I don't know how long I can keep this alive by asking for the Rejection Form...lol.
